Customer Reviews

Being Swiss, I can count on one hand, the recipes that are even close to Swiss. Evidently, if you put Swiss cheese in a recipe, you can call it Swiss. The printing is lousy, with obvious spelling mistakes. I can go on and on. I do not recommend this little book, and who is Lev Well???

Not what I was looking for. Seemed like the usual recipes found near the check out at the grocery store.

There are 100 delicious-looking recipes included here and I would love to be able to jump back and forth between recipes, or find specific ones, but without active links to access individual recipes it will be impractical to use this recipe book on the Kindle.
