Dominating Devney (Montana Maiden Series Book 3)

Synopsis

Widow Devney Jenkins needs to remarry, and quickly. Not only is she sought after for the vast ranch her husband left her, but remarkably, she's still a virgin. She's quite a prize for any money-grubbing bachelor. She married her first husband out of sheer desperation and it got her seven years of isolation and loneliness. It was not something she wished to repeat and decides to forge her own path, to take control of her life. But with the strict rules regarding the protection of women, that was impossible in Liberty, Montana, and she learns them firsthand. Cowboy Sam Bridger takes one look at Devney Jenkins and decides his bachelor days are over. He doesn't need Devney's land or money; he wants her maidenhead. No other man will touch her. She is his. The only person that stands in the way of this is Devney herself. Sam needs to take control of Devney's body in order to sway her mind toward marriage. Once achieved, his full domination of her body begins. Devney doesn't give in easily and must learn through sound spankings and pleasurable and very carnal rewards that being under Sam's control is everything she's ever wanted. Publisher's Note: "Dominating Devney" depicts women in situations of non-consent as well as strict explicit punishment in sexual situations. Do not purchase this book if these elements will offend you.

Customer Reviews

This is Book 3 in the series and after reading the first book there was no question that I was going to read the rest without delay! If anything, this book was more sensual and surprising than Book 1.

Devney was the very young wife of Old Man Jenkins. She was almost the same age as his daughter Sarah...who hadn't been seen since she was 12 years old. When he died, Sam and his two friends, the sheriff Ian and the town doctor Adam traveled to the Jenkins homestead to see to the women and bring them back to Liberty. They were concerned that the young wife would be plagued by men after her money, land and water rights. She would need to be married to have a man to care for her and protect her. Of course, that was not her plan at all and surprise, surprise, she was still a virgin. Her husband seemed to have a fancy for men. This is a hotter thanstory of the mastery of Devney because she can't just be left there alone to be taken advantage of and the three men, Sam, the sheriff and the doctor will make sure that the women are properly cared for....in the way of Liberty, Montana where women wear butt plugs and keep themselves available for their husband at all times. Sam definitely wanted Devney and capturing her money was not the key attraction. Sam was not going to take no for an answer. He would have Devney and if he had to use the aphrodisiac to bring her to the same decision...well, that is how men in Liberty mastered their women. There were certain events that had consequence attached, like the plugging and the consummation of marriage.... "See Doc and the sheriff? They're going to watch...." Keeping in mind that this is erotic fantasy and definitely romance, there is a bit of trickery involved as the husbands train their wives to the erotic nature of their relationship and the joy of submission.

I enjoyed this continuation to the Montana Maiden Series. We meet Sam Bridger who was a confirmed bachelor until he, along with the Sheriff and Doctor, ride out to the Jenkins Ranch when they learn that Old Man Jenkins has died. That leaves the Widow and Jenkins daughter Sarah at the mercy of men. It's hard to imagine how after seven years of marriage, Devney is still a virgin, but her marriage was a sham for her husband and his male lover. In the town of Liberty, MT, men control their wives and their libido by using a pill that is birth control and aphrodisiac. Devney is considered valuable, not only for the large ranch, but her maidenhead. Sam doesn't care about the

ranch, she is what he wants and he is just the man to dominate this naturally submissive woman. These stories of the Montana Maidens are dominate, controlling men, using aphrodisiacs to keep their woman in heat and submissive. This story includes spankings, domination, voyeurism and explicit sex as men train their wives in carnal pleasures, for both of them.

The book had 1762 locations on my kindle. The book was about a 25 year old woman, named Devney and a man, named Sam. Devney was feisty in the very beginning of the book, carrying a rifle and defending her land. She quickly became very compliant, the moment, she meets Sam. Sam is like every other man, in Liberty. He is forceful, controlling, obsessed with having sex and training his woman, to please him. The moment he sees Devney, he vows to make her his wife. The wives in liberty are forced to wear butt plugs, all day, every day. They are forced to keep their breasts uncovered, at all times, accept when going into town. They are forced to have a special pill, inserted, at all times, to keep them on edge and sexually aroused. The book contained lots of hot, erotic sex, pubic sex play, toys and a couple of mild spankings.

This was a hot and sexy continuation of the series about Sam and Devney. The spankings, domination and submission were super hot. This series gets better and better as we read about the different couples. Can't wait to read more by Vanessa Vale.

This is the third book in the Montana Maidens series. Devney is the widow of a local man who married her when she was very young to protect himself from the stigma of being gay. Once he dies, the sheriff gathers up two other men to go and take her and her stepdaughter Becca in for their own protection. They must marry. Sam is intrigued by Devney and he decides to marry her. Devney wasn't as sure. She had to wear a chastity belt until she decided. Of course, Sam didn't want to leave it to chance, so he used the cream that had an aphrodisiac in it. Eventually, Devney chooses Sam. Then, Sam trains her as a wife. It is quite similar to the other two stories. There looks to be a fourth story about Becca and two men who will claim her. I look forward to that one as well. I give this 4 stars.

This story has a few surprises. Devney was kept isolated by her husband on his ranch but with him dead it leaves her trying to figure out how to manage. Sam is among the men from town that go to check on her. He falls hard and she tumbles after. She too has a whole new way of life to learn but Sam is patient and she seems to be taking to it just fine.

OMG! Can I just say - the heat between Devney and Sam is hot, hot, hot! This was my favorite of the Montana Maiden Series. I love the twists and turns and that the characters from the other books are in this story as well. One of my new favorite authors.

So so steamy romantic story. Plot line thin and not so strong to hold an interest could have been a little deeper and intense.
