I didn't use the sections on the rest of Malaysia, as I was only in KL for ten days. It had good advice, but the maps aren't so great -- that's okay, because my hotel (and the tourist center) had free maps that were very helpful. Food suggestions were always spot-on. Wished this book had been a bit more about KL and less about the rest of Malaysia, but if you're doing any travelling outside KL while you're there, it's a great buy.

I did not find clear and concise info. In fact I had to purchase another guide for KL. I buy guides for every place I visit and this one has been disappointing.

Lots of good information, just wish it had more pictures! Fortunately the internet has plenty of pics so this will be a great resource for "on the go" travel information when our cell phones don't work in KL.
