The Food Allergy Cure: A New Solution To Food Cravings, Obesity, Depression, Headaches, Arthritis, And Fatigue

Synopsis

Food allergies are one of the most common chronic medical conditions. Dr. Ellen Cutler, a chiropractor and naturopath, has spent ten years studying enzyme therapy and nutrition and their relationship to allergies, asthma, immune disorders, and chronic diseases. Using methods derived from many disciplines -- including chiropractic, Eastern medicine, immunology, environmental medicine, genetics, and Western physiology and physics -- Dr. Cutler has found a way to combat allergies at their root: the immune response. Her system of techniques, called BioSET?, combines muscle testing, detoxification, enzyme and diet therapy, and chiropractic manipulation to desensitize people permanently to every kind of allergy, not only those caused by foods. To understand how Dr. Cutler's techniques work, it's helpful to think of the body as an electromagnetic organism in which energy flows along invisible pathways called meridians, or channels. Essentially, an allergic response is caused when these pathways are blocked by the immune response to an allergen. Dr. Cutler's techniques actually unblock these pathways, thus stopping the body's violent immune response. The Food Allergy Cure teaches you how to test yourself to determine the allergies you have and gives you simple techniques you can perform on yourself or your children to begin to lead an allergy-free life. In addition, there are helpful lists of foods and enzymes to correct digestive disorders such as lactose intolerance, chronic heartburn, irritable bowel syndrome, and constipation. Dr. Cutler also recommends foods that support the immune system's functioning and work to alleviate such disorders as hypothyroidism, hyperthyroidism, fibromyalgia, colitis, herpes, and candida. This blending of Eastern and Western medicine is so easy to implement and will be hailed as a new paradigm of twenty-first-century medicine. For the ninety million people who experience food allergies and haven't found relief in the usual approaches, The Food Allergy Cure offers a revolutionary program that allows sufferers to identify and alleviate specific food sensitivities immediately!* Learn quick and easy methods to identify your allergies.* Discover how to detoxify your body.* Find the most effective means of eliminating food sensitivities.* Take a self-diagnostic questionnaire to determine which specific enzymes will contribute to your optimum health. Great book. I've been performing this technique for more than 15 years and it does just what Dr. Cutler says. It's one of those not too well known secrets that is miraculous. The success rate is maybe 90%. It really works. I'm honored to be a part of this wonderful therapy that helps so many.

This is an amazing book for those suffering from food allergies. It gives an alternative perspective that is different from mainstream and is extremely helpful. As a mother with a child suffering from severe allergies, navigating through it all had been extremely difficult. I decided early on, not to put my daughter on daily medications and to manage her allergies holistically. This book has given me a better understanding of the root cause of food allergies and how to deal with them.

Very interesting information. I am considering the information and will eliminate certain foods to determine if they are culprits.

Not helpful Unless you go to their Drs

Excellent!!!! I am finally finding relief from my many food allergies.

This treatment changed my life. It set me free of every allergy I treated, and I am still self treating

more. It is very simple and uses stimulation of the spinal cord to stop allergic reactions and reprogram the nervous system to no longer react to certain substances. Seems too good to be true, but it is!!! It is very real and very permanent. A moron could use this procedure. Peace, Levi

I have a number of food allergies and found this book to be very informative and extremely helpful. I recommend this to EVERYONE!!!

I was familiar with NAET treatment for allergies but learned that Dr. Cutler's treatment is very similar but she tells you how to do it for yourself...very helpful! Will be buying enzymes like she suggested. Everyone should read this book to know there is a cure for allergies of all kinds - mine are food related.
