Demons (Eirik Book 1)

Synopsis

Fans of Rick Riordan's Magnus Chase and his other mythology-based books will enjoy this book. Enjoy the story of a god and a Mortal girl who becomes his guiding light. Book 1 of a trilogy. Eirik Baldurson is the son of Baldur, God of Light. He failed living as a Mortal. He lost the girl of his dreams and nearly got his friends killed. Now, he's gone to the underworld to meet the mother he's never known. Torn between his duty to her and the man he used to be, Eirik struggles to find himself, until a witch appears in his world. Feisty and stubborn, she is a reminder of everything good he left behind. Celestia Devereaux proudly attends a charter high school for gifted teenagers who embrace magic. Witches. However, she keeps a terrible secret: a prediction that she would one day be responsible for massive destruction and death. Though Celestia uses her clairvoyant abilities to help people, she worries that it is just a matter of time before she goes over to the dark side. Her world changes when she unexpectedly astral projects to a place she didn't believe existed and meets a tortured man who needs her help. Will helping him cause her fears to come true, or will he sacrifice everything to save her?

Customer Reviews

.Demons by Ednah Walters is the first book in a trilogy about the character Eirik from the Runes series. Book 1 - Demons, Book 2 - Heroes (March 2016) and Book 3 - Gods (June 2016). I would recommend reading at least the first 4 books in the Runes series: Runes, Immortals, Grimners and Seeress before starting Demons since there are references to some events in Seeress. Eirik has never met his mother, Goddess Hel, so he visits her realm also called Hel for the first time. While there he tries to resolve his personal demons. A 17 yr old girl Celestria who is a witch astrally projects to him in order to help him. The fun begins almost immediately in this book. I won't give anything away so I am holding off on specifics. You really get to know Eirik who I personally didn't like while reading some of the Runes series. In this he becomes more relatable. Celestia is one of the best characters I have had the pleasure to read in any novel. I adore her and love her snarkiness and heart. I give this book 5/5 Stars Contains Fantasy Violence, Some Language, Mild sexuality

Book Review- Demons by Ednah Walters Eirik is the son of the Goddess of Hel. He is escorted to his mother's realm by Echo. At the moment he hates Echo for taking Cora. She is the only reason he doesn't hurt him. When he reaches his mother's home the first person he meets is his father. The homecoming he receives is surprising. His father warns him that he isn't safe here. His mother finally joins them demanding Eirik show his true self. He is confused and angers his mother. She places him in the dungeon until he can do so. That is where Celestia comes across him. She is a witch that can astral project. She finds herself in Eirik's prison cell. He thinks she is there sent by his mother. She wants to help him but believes he is the victim of a prank gone wrong. She has no clue where she really is or who he is. She goes home deciding to help him when she learns more of the situation. She plans on what to take with her. Hayden and her mother think she went to Hel and try to explain about the gods of Asgard. Celestia doesn't believe what they are telling her. Hayden helps her return to Eirik. Celestia takes care of him. Eirik like having her there and wants to protect her. Celestia learns the truth of where she is. She meets and

befriends a few unbelievable people. She also finds she can't project home. She is stuck in Hel. Eirik is also finding out shocking revelations about himself and his family. He also fights against his mother and her demands. He is determined to keep Celestia safe from everyone even his mother. I have read all the books in this series that tell Raine's story and Cora's story. I am finally getting to Eirik's story. He was mysteriously missing in the other books and I always wondered what was happening to him. His introduction to his family was definitely lacking. The author really blows the mind of the reader. How could his mother treat him like that? A question I asked myself a few times throughout the story. I also loved Celestia. She was a great character. She was full of sass but had a big heart. She was definitely a match for the cockiness Eirik possessed. They were a good combination of characters. The dragon was surprising and was the reason Celestia was unable to go home. You don't learn the reasons until almost the end of the story. It isn't what I expected but a good twist. I can't wait to read the next book. I give this a 4.5 out of 5.

Demons is a spin off series of Ednah Walters from her popular series Runes. Demons is the first book in what looks like will be a trilogy following Eirik, a beloved character from her Runes series. Ednah does an amazing job of allowing her readers to fall in love with the characters. Her writing style and creativity allows the readers to enter her world in their minds and imagine everything she is describing. Ednah Walters is an amazing author. First, I loved this book's plot. This book follows the same universe as the Runes series, but splits off into its own story. This book can be read as a standalone. With that being said, I suggest readers read the Runes series to truly understand Eirik and his past. We learn a lot about him in the series. The plot of this book is refreshing. While it is somewhat interrelated to the plots in the Runes series, Eirik has his own journey to go on. I love watching him branch out and be more than just a minor character. The other characters in this book are very entertaining as well. While Runes is mostly set on Earth, Demons is set in Hel, another realm where some souls go after death. Eirik is dealing with a lot of emotional baggage and this book allows us to see him work through it. Celestia is a new character introduced and I have to say I liked her from the moment I met her. She is snarky and doesn't back down. If the only two choices are fight or flight, she is a fighter. I love learning more about her as well and watching her and Eirik change each other for the better. The minor characters in this book add comedy and despair at times, but enhance the book nevertheless. Ednah has a wonderful writing style. Demons is written from dual points of view, which allows the readers to understand more of the

story. We get to read the thoughts and feelings from both Eirik and Celestia. Sometimes this become frustrating because we know how they each feel, but neither will just come out and say it aloud. Most of the time it helps explain parts of the story that are very important. By doing this, Ednah allows the readers to feel like they are actually inside the characters head and at times allowing them to believe they are the character themselves. This book is sweet and slow with the romance. While this might seem boring for some, it was exciting for me. After knowing Eirik's past, the slow steady burn and attraction between the two main characters felt organic and not pushed. I loved watching them both be skeptical while also learning more about each other. Each character thought they knew what they were doing and how things would turn out, but destiny often has a change of plans for our characters. I loved that about this book. Overall, I loved this book. Ednah Walters is an amazing writer and I love reading her work. This book does have an open ended conclusion, but I feel it just makes the readers want to know more. I would recommend this book to friends and family. If you haven't read any books from Ednah, what are you waiting for? Start now =]
