Lisa Barnett has helped thousands of people around the globe find greater fulfillment, happiness, abundance, and health by aligning with their Soul's Path, understanding their Soul Contracts,

and breaking out of constricting patterns by receiving information from their soul's library. And as an internationally-respected Akashic Record Transformational Teacher and Author, she has spent 20 years working with clients in the spiritual healing realms. As the founder of Akashic Knowing School she teaches students a dynamic and powerful short-cut to empower their lives, heal emotional scars, clear soul contracts, and walk their own true path.

I love this book. It is easy to read as Lisa shares her story and explains the meaning and intent of each of the 73 healing prayers she has channeled from the Akashic Masters and Beings of Light. I have used several of the prayers and found them to be powerful because The Akashic Masters are energizing the prayers. I have been a student of Lisa Barnett since just after her first book. At that time, we had only 7 healing prayers to work with instead of 73. This book is a great resource. The best part is that the prayers will work for you even if you have no knowledge of the Akashic Records. Your Akashic Beings of Light will be there helping you anyway. This is a great book to have and use daily. You won't be disappointed by this book. It is filled with unconditional Love and is always uplifting. Jim Teeter

I am a very Spiritual person, yet my life is a mess... I got this book after hearing the author being interviewed on C2C AM radio show around mid June. I wasn't sure what to expect, and was a little sceptical, yet I felt called to dive in and just started with the prayers right away. When I picked up the book it fell open on its own to a prayer that couldn't have fit my needs better! I still haven't read the first chapters yet, bc of limited free time, but the prayers jump out at me and after heartfelt time spent with them, I'm suddenly feeling lighter and brighter and MUCH happier overall! Something about them seems to work wonders right away... and I'll find myself humming or singing afterwards!

(More like I used to do when life was better)... I still have the same struggles, but my perception of life is changing for the better. I highly recommend this book to anyone who needs divine intervention, even if you are not Spiritual, as this has no ties to any religion. Check it out for yourself!

What a beautiful gift for us all. These prayers move beyond religion and go to the heart of spirituality, creating a welcome place of safety, unconditional love, forgiveness and beyond. This will be a gift from me for many of my loved ones.

When you are looking for more clarity, focus, and help from your guides, this is a great way to access it, calm your mind, and connect with your self. A great read no matter where you are on your journey, with amazingly powerful prayers to feed your spirit.

Life changing prayers. Use them. you will see a change in your life.

Prayer is such a powerful tool and I love 73 specific prayers for specific issues. I think all ages would like this book and its positive message. Understanding ourselves is the start of creating a harmonious life and this book helps you see the bigger picture.

I found her book very deep and understanding in the understanding that her these types of prayers and others are unique and specific to the situations that you are using them for. Some of her prayers have helped me to access profound experiences that I will never forget. Many Thanks
