Customer Reviews

This is a good reference for when you're looking for the Spanish words for body parts, directions, or assessment terms. If you're looking for something more in depth, I would try the Medical Spanish Made Incredibly Quick guide.

A request was made for these during my last medical mission trip. I am more impressed with the content and quality of these cards than I thought I would be. Wish I could purchase more at this

price than just 4.

Awesome

Very helpful!

Quick fast and easy to read and follow .
