## Customer Reviews

Jennifer Ettinger's dedication to helping women stems from her own triumph over Chronic Fatigue Syndrome. Being bedridden and overweight, she understands the mindset of women who are challenged with weight and health issues. She knows depression and desperation, and she knows how to reclaim a life with a harmony of body, beauty, mind and spirit. Along with passion and contagious energy, Jennifer and her team of consultants offer stellar credentials to back up their Image, Fitness, Beauty and Empowerment services. With three degrees from the prestigious Fashion Institute of Technology in New York (an associate's in Fashion Styling, a

bachelor's of Arts Restoration: Museum Studies and a master's in Museum Studies), Jennifer is an entrepreneurial leader with over 20 years of creative experience in fashion, design and cosmetics in NYC, West Michigan, and Toronto. FYS has had its own cosmetics line for years, and offers optimum health and beauty products, all carefully researched and test-marketed. And if you're looking to get fit, Jennifer is an ACE certified personal trainer, IDEA and CanFitPro member, plus certified in Pi-Yo and TurboKick. Continuing to broaden her expertise for clients to reap the benefits, Jennifer is a Team Leader with International acclaimed doctor, Dr. Ray Strand, one of the world's leading authorities on nutritional and preventive medicine. Jennifer is the author of "Find Your Inner Goddess: Get Body Confidence Beautiful!"; a contributing writer and sales/marketing director for Chloe magazine, the fastest growing female magazine in Toronto's York Region; and a regional TV contributor with the segment "Life and Style with Fit Your Style".

I think this book is fabulous! Reading this book through feels like Jennifer is in my living room with me, helping me sort it all out! She shares her story -struggles and successes-and you know it's real. I feel her authenticity in every section -she's accepting of you even if she doesn't know you and helps to improve acceptance of ourselves. It's so great, I have a soft copy and just picked up a hard copy! Thanks Jennifer for writing this book. I look forward to finding and feeling my inner goddess from hereon in. :)

I've known Jennifer personally for years but after reading her book, I really didn't know how brilliant she is! I couldn't put it down as soon as I picked it up. Luleta's recipes are awesome! I thought I was eating fattening foods but they are healthy and fabulous! I bought 2 books...one for me and one as a birthday gift for a family member.

This definitely is a woman's go to book. Jennifer's information opens doors for exercise, health and beauty. Her experiences with health issues have been described, along with a determination to heal herself. This is a must have for a journey from beginning to end..with results.

Clear, easy-to-follow, motivating and unique: that's what I can say about Jennifer's book. She takes your hand, walks with you, guides you, leads you gently in the right direction, and helps you set attainable goals.

Jennifer Ettinger is very inspiring. I have never met someone so driven. What a amazing idea and concept. I look forward to reading her book and finding my inner goddess.

I've known Jennifer for over a year now, and she has a wonderful personality. This comes through in her book, and so does her caring. Her commitment to women and improving their self-image of themselves is inspiring to me. Her book is the fruit of her coaching work with women to help them achieve more for themselves and in their lives, simply by allowing them to see how beautiful they really are. If you can pick up a copy, I believe that you too will feel her care and attention on every page, and that following her wise advice will bring some wonderful improvements to your life. I am glad to know Jennifer and I invite you to get to know her too through the pages of this book.

I highly recommend this book if you're struggling with self-acceptance. Jennifer's story is real/honest and motivates me to take even "one little step". Her story of how her goal was to just take one actual step on exercise step equipment was great! That has stuck with me when all I want to do is lay on the couch....but if I can do just one (or two) steps that is better than the day before! The way she sets little, do-able, real goals gives me motivation to do so, as well (with self-acceptance). It's the forward movement that is important...momentum will build from that :) Thanks for this heartfelt book!

I would read anything from the author of this book! The willingness to share the struggles she has endured in her life to help better the lives of others displays the type of woman she is! To have an attitude about life where you don't let your circumstances determine your future shows the woman of fortitude that she is. Her passion and concern about a woman's overall well-being is contagious to others and inspires them to evaluate and improve their lifestyle choices. This book is a one-stop resource to attain spiritual, emotional, and physical balance in your life!
