Ming-Ju Sun has worked in fashion advertising as an illustrator, art director, and photographer. Her original illustrations for Garfinckel's department store, along with her original drawings from Dover's Fashions of the First Ladies Coloring Book, are archived at the Smithsonian's National Museum of American History.

This book has great coloring opportunities of Art Deco inspired fashions of the 1920's, 1930's and even the early 1940's. The clothing designs have had a lot of detail added that were not probably part of the clothing of the period but which make it even more fun to color. The designs are by artist Ming-Ju Sun who has a number of coloring books on various fashions in the Dover family of product. Some of the designs are have intricate parts but I don't think I will have to use my magnifying lamp for this book. I've included pictures of both fully colored samples that are printed in the coloring book. There are 31 designs in this coloring book. As with all of the Creative Haven books that I have used in the past, these are on a bright white page that is a fairly heavy stock. The designs are printed on one side of the page only and the edges of each page have good perforations which make it easy to remove from the book. All of my gel pens and markers bleed through on Creative Haven books and this book is no different. I use freezer paper in between the sheets (if I am keeping it in the book) or under the page if I remove it from the book. You can also put sheets of heavy stock paper in between if you don't have freezer paper handy. I have been coloring adult color books as a way to relieve the stress of the day. I love fashion, too, so coloring in this book is even more fun. It reminds me of when I was a child coloring in my old Barbie color books. That alone, makes the time fly by and my stress lift.

A beautiful book! I will be ordering another one! :)

Ming-Ju Sun has beautiful adult coloring books. I've ordered the Art Deco Fashions, twice. I gave one to my elderly Mother who likes drawing/painting/art/coloring and re-ordered one for myself. Like most of Ms. Sun's books, this one is very nice. It's very relaxing to color!

Beautiful pictures. I love Japanese culture and wish there was more books to choose from. The paper is a good thickness and they are onesided pictures.

This coloring book has very beautiful designs; all the models have a pretty face; all the pictures are

on one side; paper is good so no bleeding through, however, it is perforated, so you can remove a page before coloring it, or if not, place a paper beneath the page before coloring it, just in case.

I love coloring in this and I have not stopped! I was impressed with the fast delivery. If you love fast and Japanese culture, then this coloring book is a great choice!

The quality is ok on this book for the price and it has lots of detailed and fun images to color.

I ordered several coloring books. I am very happy with what I purchased. I am looking forward to doing a lot of coloring..
