The Job: A Fox And O'Hare Novel

Synopsis

NEW YORK TIMES BESTSELLER He's a charming con man and she's a dedicated FBI agent, and they're about to drive each other crazy . . . again! The FBI had one demand when they secretly teamed up Special Agent Kate O'Hare with charming con man Nicolas Fox to bring down the world's most-wanted and untouchable felons. This time it's the brutal leader of a global drug-smuggling empire. The FBI doesn't know what their target looks like, where he is, or how to find him, but Nick Fox has a few tricks up his sleeve to roust this particular Knipschildt chocolate-loving drug lord. From the streets of Nashville to the back alleys of Lisbon, from the rooftops of Istanbul to the middle of the Thames, Nick and Kate chase their mark. When they find themselves pitted against a psychopathic bodyguard and a Portuguese enforcer who gets advice from a pickled head, they decide it's time to enlist some special talent like a machete-wielding Somali pirate, a self-absorbed actor, an Oscar-winning special effects artist, and Kate's father Jake, a retired Special Forces operative. Together they could help make this Fox and O'Hare's biggest win yet . . . if they survive. Praise for *The Job* "This suspense series continues to mix the humor from [Janet] Evanovich and [Lee] Goldberg's books with the intricate cons seen in the best episodes of *Mission: Impossible*. The banter and thrills are nonstop, and readers will be anxious to see what happens next. Library Journal "Even if you can't always tell the good guys from the bad guys, there's no doubt who'll come out on top when the Fox is in the hen house." Kirkus Reviews From the Hardcover edition.

Janet Evanovich is the #1 New York Times bestselling author of the Stephanie Plum series, the Fox and O’Hare series with co-author Lee Goldberg, the Lizzy and Diesel series, twelve romance novels, the Alexandra Barnaby novels and Trouble Maker graphic novel, and How I Write: Secrets of a Bestselling Author. Lee Goldberg is a screenwriter, TV producer, and the author of several books, including King City, The Walk, and the bestselling Monk series of mysteries. He has earned two Edgar Award nominations and was the 2012 recipient of the Poirot Award from Malice Domestic. From the Hardcover edition.

I was so enthralled with this story I could not put it down. An adventure through so many countries with two exciting, snarky and interesting characters. An elaborate con to steal twenty-five million dollars from an international drug thief and returning priceless art work to museums across many countries could only be planned by one person, the cunning sophisticated mind of Nick Fox and his equally talented F.B.I partner Kate. A wonderful read for anyone who loves adventure , dangerous missions and a bit of flirtation should enjoy this book.

This is one of a series of books involving FBI agent Kate O’Hare partnered with a wanted con man criminal Nick Fox. It is a farce type of novel that seems to be more outlandish than the typical suspense crime story. I didn’t like it and was glad when I finished it. I have read all of Janet Evanovich’s other books and like all of them very much. The story in this book was just too ridiculous.

Even better than the last two! I love having a little bit of suspense without being scary...books affect

my emotions too much for the thrillers, so this was just right. I love how the books in this series go through a few different plotlines within each book while still being cohesive. The Fox and O'Hare series is my favorite from Janet Evanovich. Anytime she collaborates with Lee Goldberg, it's gold.

I bought this book because I'm an Evanovich fan. The main difference between the Stephanie Plum series and the O'Hare books is that Stephanie Plum is a total amateur and O'Hare is a professional (an FBI agent). She's much more serious, no nonsense, and to the point than Stephanie, and she can kick azz. I like the sexual tension bubbling just beneath the surface between Fox & O'Hare, & I love the exotic locales.

I enjoyed this book very much. It had suspense and humor and I did not want to get out of the car a couple times because I was caught up in an action scene in the book and did not want to walk away from the suspense. I have been a Janet Evanovich fan from the beginning, especially the Stephanie Plum series. The last few of those books have been so predictable and had no meat to them. This was an improvement from those but still had the sexual innuendo without anything sexual really happening. You wanted Nick and Kate to get together throughout the book, I did not like the character Serena because she was also in love with Nick. Read it, you will enjoy!

Scott Brick provided an excellent reading of this book, using Turkish, French, Spanish, Portuguese, and Manchester accents. I liked hearing the street names and other items in the various countries pronounced correctly. The authors took Fox and O'Hare from the United States to Turkey, Germany, and France in order to discover the identity of Nick's imposter, Serena Blake. Then their work creating a con to bring down a vicious drug lord, Lester Menedez aka Demetrio Violante (a truly violent person) began. Using people from previous take-downs (Boyd Capwell, Willie Owens, and Tom Underhill) and Kate's father, Jake, they added new members to the team: Rodney Smoot, a special effects magician; Billy Dee Snipes, a man who helped Jake in Somalia and who sleeps with a machete; and Barnacle Bob, master of their ship's engine. Nick and Kate were up against some tough people. Violence seen on-screen is graphic, but the authors' descriptions of the violent actions throughout the book were given in vivid detail, befitting each situation. The relationships between the characters were interesting to follow and added a lot to the story. I have already reserved my copy of their next adventure.

I've read it twice, and I've really enjoyed the adventures and the robberies. I am waiting patiently for

the next Fox and O'hare book. The characters that relate to each other is very entertaining, the sunken treasure, the con, is some how believable. Thanks for the entertainment.

The Fox and O'Hare books are adventurous, action packed and extremely entertaining! I always enjoy reading these books. This book is no exception. You'll find a full cast of unique characters who assist Nick Fox and FBI agent O'Hare in the capture of the world's most heinous villains. The "con" is always on in these books with Nick's planning and O'Hare's protection guiding the reader as well as one another through another fun, high flying adventure. Want to escape the real world for a few hours? Read this book!
