# Sport In Contemporary Society: An Anthology

## Synopsis

Sports buffs know all about famous players and coaches and can recite statistics in endless detail. But do fans know how sport is linked to other institutions of society? Do they understand the role of sport in socializing youngsters in both positive and negative ways? What about the ways in which sport perpetuates race and gender-role stereotypes in society? How do owners, coaches, and other sport authorities exercise power to maintain control over athletes? These issues and more are examined in *Sport in Contemporary Society*, Tenth Edition, a selection of accessible writing by journalists and leading scholars who represent a new era of critical appraisal of sports--both professional and amateur.

## Book Information

## Customer Reviews

"Sport in Contemporary Society forces students to think about issues they may never have been exposed to before and serves as a springboard for excellent class discussions."--Jennifer Lukow, High Point University "The book does an excellent job of presenting issues in the academic study of sports from a sociological perspective. It gives a very wide range of perspectives, both in terms of issues and authors. Students will enjoy both the subject matter (whether or not they care about sports) and the writing styles. This is a great choice for any sociology of sports class."--Buster G. Smith, Catawba College

D. Stanley Eitzen is Professor Emeritus of Sociology at Colorado State University. He is the coauthor, with George H. Sage, of *Sociology of North American Sport*, Ninth Edition (OUP, 2012).

Bought for a class I proceeded to drop. The text is actually really good, simple to read, easy to follow. Not ashamed to say I still read the text after dropping the class.

Great book for a class that I am taking

Book was fantastic and an easy read

The book was excellent shape !!!

Great for my class

Fast delivery all good
