## Customer Reviews

I was disappointed in this book, I was hoping for more meat and pictures of these guys when they were kids, but the price was inexpensive and there are a few pictures I have never seen anywhere else, plus I did learn a couple new facts so I won't totally say it was a waste. But I was hoping for more.

Nice pictures

I found this book very enjoyable to read, especially since I love the Newsboys. I had a good laugh over one typo concerning the bassist Phil Joel and his wife Heather in a photo with Phil's grandfather. (he didn't really see it as a laughing matter) CCM never fails to amaze me (with the amount of mistakes in every issue of this and that), but the newsboys are far more amazing than all other musical rock groups I have encountered in my lifetime. Their skill far outweighs the constant bad reviews of CCM. If you ever get the chance, see these people on tour. They are AMAZING.

This little book, Newsboys (Ccm Lifelines), was a good biography for the boys. The book did seem a little short because of the double spacing, yet still intriguing. The pictures were great, especially of their childhood. It also had humor and seriousness, but best of all it was just a good biography of one of the best Christian bands, the Newsboys!

This book is really good. It gave me a lot of information about the Newsboys that I didn't know, which came in handy for making my site. It's also got some good pictures in it, even some of the 'Boys as kids. Every serious Newsboys fan should definitely have this book!

since i have met the newsboys and know a lot of them i would say it is an ok book, some of it is a little off but that's ok! ...

Love it. Anything with info on Peter is hot. He can come to my "Candy Shop" anyday. Yummy
