## Synopsis

The keys to successful weight loss have eluded millions of people worldwide. An alarming number of people are overweight. According to the Centers for Disease Control and Prevention, over one third of adults in the U.S. are obese, and not one of the fifty states meets the nation's Healthy People 2010 goal to lower the prevalence of obesity to 15 percent. In *Fast-Track Your Health*, Dr. Mohammad A. Emran offers help to those who've had many unsuccessful weight-loss attempts or are looking for the knowledge that can lead them to success. Dr. Emran has included his personal experiences with patients and with his own family to illustrate the techniques for effective weight loss. *Fast-Track Your Health* will help you:

- \* Identify the common factors shared by people who have succeeded in losing weight.
- \* Avoid the common difficulties that can prevent weight loss.
- \* Discover why it's best not to focus on any specific diet or type of exercise!
- \* Organize the process of weight loss and weight maintenance.
- \* Maintain hope in spite of the problems you might have previously experienced.

Fantastic Book! By Rachel Glover  
Dr. Emran's book breaks down weight loss to a realistic goal that anyone can achieve. He discusses an easy plan to follow without the current gimmicks we hear about every day on how to lose weight. He takes that "pipe dream" of weight loss and demonstrates how it can become your reality if you practice the simple steps presented in this book. Great book for any one wanting to become more healthy or for anyone who wants to achieve any goal! Dr. Emran's passion on this topic is evident in his book!  
Excellent Work!

This was the first time I ever started a "diet" on a Saturday! After spending Friday evening reading, I followed the advice offered! The next morning I set about doing a healthy life plan using Fast-Track as my planner and director. The book offers a straight forward approach to successfully making the needed changes to achieve weight loss goals. Once you set your goals, as outlined clearly in Dr. Emran's book, the plan to achieve them looks reasonable and reachable. Every week I check off another goal I have reached! It's the best plan I have ever made for a healthy lifestyle.
