# Bartlett's Familiar Quotations

## Synopsis

More than 150 years after its original publication, BARTLETT'S FAMILIAR QUOTATIONS has been completely revised and updated for its eighteenth edition. BARTLETT'S showcases a sweeping survey of world history, from the times of ancient Egyptians to present day. New authors include Warren Buffett, the Dalai Lama, Bill Gates, David Foster Wallace, Emily Post, Steve Jobs, Jimi Hendrix, Paul Krugman, Hunter S. Thompson, Jon Stewart, Elizabeth Kubler-Ross, Barack Obama, Che Guevara, Randy Pausch, Desmond Tutu, Julia Child, Fran Leibowitz, Harper Lee, Nassim Nicholas Taleb, Patti Smith, William F. Buckley, and Robert F. Kennedy. In the classic BARTLETT'S tradition, the book offers readers and scholars alike a vast, stunning representation of those words that have influenced and molded our language and culture.

I have used the Oxford Dictionary of Quotations for years, and am presently using their most recent edition. Bartlett's is far more comprehensive and includes many more of the words surrounding the

actual quote so you can see it in context. This adds impact and better understanding to the quotation itself.

As a professional speaker, a creator of picture word quotes, and a writer, this is an indispensable resource. I often browse for quotes that inspire material to write or speak about, not vice versa. Lots of old standard quotes, and lots I have not heard or read before. If serious about speaking or writing, be serious about acquiring this resource.

The content is great. I just like books better than Kindle versions.

Like being able to browse and flip through it. More fun and easier for me than online or using a disk. Happy a print version is available.. Authoritative.

The definitive guide, always handy as a conversation starter. I love opening a random page to discover or rediscover a quote, but it's also useful for fact checking badly attributed memes.

This is still a 'monster' of a Reference book. Believe it or not, I have wanted to own this book for almost forty years, but never got around to buying it. The book has totally exceeded my needs. Every learned person needs to own one! I am now a 'captain' of a Reference ship in the choppy seas of . . .

Not all the quotes I was looking for, yet a great resource for fact checking politicians' misquotes.

Great collection! Several quotes from FDR omitted that I feel should have remained. Otherwise, great.
