Synopsis

Curvy girl Chrysi hikes into the mountains with her fiancé. In no time at all, she realizes he is not the man for her, as his façade slips. What she did not expect, apart from a whiny man in place of the charming guy she fell in love with, is an attempted kidnapping. Her hopes and dreams are soon left shattered, and with a snow storm moving in, her engagement might not be the only thing that is dead. Running from her would be kidnappers, she stumbles across Nevis. But can this man be trusted, or is he a part of the conspiracy too? Nevis has escaped into the mountains to think about his future. His father wants him to get a proper job – What that really means is, his father wants Nevis to work for him in the business he built from scratch. That is never going to happen. What Nevis does not expect, is to find his mate wandering lost, as a deadly storm moves in. The only problem? She is wearing another man's ring on her finger. Chrysti and Nevis...Stranded together during a snowstorm, Chrysti and Nevis enjoy their new-found mate status. Once the storm is over, however, real life intrudes. Chrysti's former fiance and his partner in crime need to be punished for trying to kidnap Chrysti, Nevis's father is acting strange and Chrysti's father, Harlan, is searching for his elusive mate. This just might be my favorite book so far in this series. It has an HEA for Nevis and Chrysti, but there is a cliffhanger for Harlan. Who is his mate? I hope we don't have to wait too long to find out.

Nevis is a photographer. He's also a bear shifter. His father is insisting he come work in his company, in fact that is causing quite an uproar. So Nevis is in the hills, escaping his dad and thinking about his future. This is where he meets Chrysi, running for her life in a snowstorm. Fate has brought him his real mate. Now they just need to survive kidnapers, snowstorms and a father acting more bizarre every day. Nevis & Chrysi learn to trust & support each other and are a wonderful, sexy pair of smart, unique fated, loving mates. Quick read, riveting story.

urban-fantasy, family-dynamics, shifters, romance, series Excellent addition to the series! The publisher's blurb gives clues but can't begin to prepare you for the enjoyment of the journey that the characters take you on. The story covers romantic love, betrayal, family conflict, parental love, and so much more, including hope. Well written and with a cast of characters that inspire you.

Chrysi goes thru some hardships with her so-called fiance and Nevis comes to her rescue. Nevis father goes thru a health problem, I always thought shifters were immune from things like this, but evidently not. Touching story and a fantastic read. I bet I know who the next story was about.

Awesome series. Love all these characters, action, drama, adventures...the romance. Nevis finds his mate in a snow storm. While she trying to escape her kidnapers .Chrysi's dad is a DRAGON! OMG! Does that mean Fiona get a mate too?!

Chrysi what a beautiful way to spell our heroine name. And Nevis so very strong and durable. I love this series of our bears from Bear Creek finding and holding on to their fated mates. I look forward to the next installment.

I really loved the really great story in this book. I could not put the book down till I finished reading the whole wonderful story. Thank you so very much for writing this wonderful story.

This is a fantastic story that has lots of twist and turns and a forever love story. I loved it and had a wonderful time reading it. Now I really want to read Harlan's story. Please be soon!!!
