I chose this rating ,because it's raw and very real, with no holds barred.I can relate to her in so many ways,abuse, getting involved with the wrong kind of men,making bad life choices & so on.I feel her pain and excitement in life & I just can't stop reading. The more i read, the more interested I become in her life story & I feel like I'm right there along with her.Her tips on what not to do & do in

life I find very interesting & relatable , lots of things I wish others would have told me, that could have saved me a lot of heart ache & going no where fast. Ms. Jacobs holds no bars & is very straight to the point and I applaud her for that. Nothing is sugar coated. It's raw & in your face. This is truly inspirational , to see where she started to where she is now, that with the right mindset, Ms. Jacobs pulled herself by the bootstrap & said enough is enough already , & made positive new directions in her life , to get to where she is now. As that saying goes, I want to be like Mike , the book will have you saying, I want to be like her , in striving for that brass ring in life. I most certainly want to.. I highly recommend this book to anyone, who is trying to find a purpose in life & self worth.

Such an excellent book Cheryl told a powerful story that will inspire many women to leave a legacy!

This is a great "from the heart autobiography" on how people can make choices that affect their lives in so many ways. A straight and narrow life path is not for everyone, but keeping on the path is what Cheryl Jacob exemplifies & demonstrates in this book as she has succeeded in so many areas of life. Inspiring!

I grew up with Cheryl so I was super excited to read her book. Love it!!
