Her Mate And Master: An Alien Warrior Romance (Zandian Masters Book 6)

Synopsis

“I’ll obey your master. When I give you an order, you obey.” Talia didn’t escape her slave master only to be shackled again. Not even by a sexy male built of solid muscle who does wicked things with his fingers and tongue. Not even one of her own species who says he knows her father--the father she doesn’t remember. No, she isn’t about to trust Tomis, the Zandian warrior who rescues her from the Finn, especially after he sets her body on fire with a series of humiliating punishments. But it’s breeding season on Zandia and the crystals activate her hormones, making her desperate for satisfaction, even at the hands of the arrogant warrior bent on saving both her and his species. Customer Reviews

Ms. Rose continues to deliver a very satisfying product. My only complaint is that I would like more and longer. However, she can pack a lot of action and activity and her characters connect. I enjoy this world and this universe and when I read one of her books I know that I am getting a great story with a great conclusion. I love that this is a series and not a serial of on going same couple forever. Great job!!!!

This series was so good I could not wait for each book to come out, I enjoyed each book in this series, hope more is written, I would recommend these books to all my friends that like reading these kind of books. I could not put the book down.

I have really enjoyed this series. I only wish this book was longer. I can't wait to see if Zandia can be reclaimed

OMG Renee can write an hot story loved the series so far

HOLY HOT ZANDIAN STAR! *Her Mate and Master* is Kindle scorching hot and a stellar addition to the Zandian Mates series. Incredibly fast paced, this novel flows seamlessly and includes some exciting new elements. Highly engaging *Her Mate and Master* has every ingredient fans of the series have come to love including one smokin hot, dominant alien hero (with horns of course) as well as a strong, intelligent heroine who knows how to trust. OMG!!! That was so good. I am praying this isn't the end. I first started reading this series in "Human Surrender." I have been hooked ever since. This continues where the other left off, "His Human

Vessel." Just finding out that Master Seke's daughter is alive, Tomis decided to go and find her and bring her back to her father. Talia doesn't remember anything about her past. She has been a slave for so long. But when she see Tomis, things spark. Their chemistry is explosive from the start. I was holding my breath and I don't me because it was scary. It was HOT and INTENSE. I can tell you one thing, there are some really good steamy scenes. Talia being full Zandian is the last female. And Tomis is a royal guard who not only respects Master Seke but also his Prince. There are times when got frustrated because of what Tomis said or what Talia was thinking. But it all worked out in the end. I just wish that there was more. I want more about the Zandian Masters. Where can I sign up. LOL

Welcome back to the world of Zandians. In this book, Tomis is off to Zandia to rescue Talia, who is the daughter of Master Seke, Prince Zander's weapons master. When last we saw the Zandians, the Finn had shown them Talia changed to the wall and told them that they would give her up if Zander surrendered himself. Tomis, one of Zander's warriors, is automatically drawn to Talia, and knows that he has to be the one who rescues Talia, so he sneaks off to Zandia. Meanwhile, Talia, who was raised as a slave named Ray and had no clue who she was, is chained to the wall in the throne room and marched naked past all the male prisoners every night. Tomis gets tossed in one of the cells and manages to break Talia out. Even though he is attracted to her, he tells her that he has to take her to the Prince so he can decide what to do with Talia, since she is the only surviving female Zandian of childbearing age. Talia is not all that thrilled about that, and thinks she's going to end up as a brood mare when all she wants is Tomis. When she tries to run away from him, Tomis has to punish Talia, which they both end up enjoying. I really like the Zandian series. This one is a slight departure from the rest of the series, since both the main characters are Zandian. It also takes place almost exclusively on Zandia, so we learn more about the planet. Like all of Renee's books, it's really well-written and all the sex scenes are hot, hot, hot. I particularly like the scene in the waterfall, myself. This is a great addition to a very good series. I received an ARC for my voluntary and honest review, so that's what you got.
