Customer Reviews

Lady Margaret Kay is at school with a fever. Her uncle comes for her to save her life but she asks one thing of him, to let her live her life her way. He agrees. She is getting better but slowly. While visiting her sister, Madeline she meets Lord Roger Abbey who is the brother to Madeline's husband. He is also an actor who does not ever want to marry until he meets Margaret. They are attracted to each other right away. Margaret has promised her friend who died from the fever that she would find her sister and return her to the family. Margaret has made a bucket list of things to do and places to go to find Orpah. Roger realizes this and tries to help her to accomplish her goal so they can get on with a life together. It is a dangerous undertaking. Is she up to the task?

Very i intriguing book. Started with a young woman looking for independence in an age when that was not acceptable. A good love story.

Great series..you will not be able to wait the next one. A must read for everyone. Looking forward to the next one.

Awesome book

I loved this book. Loved the characters! I loved the plot!! I loved the ending! It is definitely worth five stars!

Waiting for the next one

This was a very good story, but my goodness, the errors were so many. More than any other I've read. There were so many errors it was distracting and so thoroughly saturated throughout that it was sometimes hard to read when trying to piece together what the author meant to write. I enjoyed the chemistry between Margaret and Roger. Margaret's quest was very interesting. I was hoping they would have their own story, but a double romance is always welcomed in a novel. The scene with Mercy and Ambrose held me captivated! I was literally on the edge of my seat (bed really) and practically held my breath while their emotional tableau was playing out. I can't wait to read Maria

and Edmond's story!!, again, gave a 5 rating because the story was sooo good, but normally I would have given this a 3 rating because the errors are so atrocious.

I have loved every book in this series, but this one is just so special. From the opening words, I was drawn in. Roger, a carefree actor and bachelor, has always been one of my favorite characters. He's handsome, talented and vows never to marry. Margaret, the favored niece of the Duke of Wardington, becomes deathly ill after being sent away to a school when discovered in a compromising position. The Duke promises her freedom if only she would recover. It gives her new life and the will to live. Once well, she is determined to live her life her way and proposes a "to do" that is scandalous and with great purpose. She wants to keep a promise to a friend and will do anything to do so. When Roger and Margaret meet, the stars align, bells ring and both lose their breath. The passion, the fire, the charm of both make this book sigh worthy. You will enjoy this book as a standalone. If it's the first one you read, I encourage you to go back to the beginning. The Duke of Wardington knows all, sees all and is a man of action. His involvement with all of the characters in this series is always interesting. I will say that this is Ms. Meyer's best book yet, but I think I say that at the end of everyone of her books!
