Keri Folmar is the wife of John Folmar, pastor of the United Christian Church of Dubai in the United Arab Emirates, and the mother of three children. In a previous life, as chief counsel of House Judiciary Subcommittee on the Constitution, she was staff writer of the Partial Birth Abortion Ban.

I am loving this Bible study! I have long lacked any kind of method when it comes to studying the Bible and spent a good amount of time researching a simple yet solid study guide that would teach me how to study the Word on my own. This study uses the inductive method and I love that approach as it teaches you to examine God's Word in context, which is so important. I also love that the author reminds you to spend time in prayer before each time of study. I can't wait to finish this one and then move on to the James study!

With a degree in Christian education and over 10 years of leading and participating in women's Bible Study, I've looked at and worked through a lot of Bible Study curriculum. This study does an incredible job of taking you through the observation, interpretation, and application process. It helps you see how Scripture should effect not just your individual relationship with God but also how you

relate to those within your church and your neighbor. I was encouraged and challenged as I discovered new truths!

This is a great study. Keri is good at drawing out the meat of the scriptures. Some complaints by our group that some of her questions are repetitive. This is a good study for those new to studying scriptures,

Great group bible study, but definitely challenging. It requires work and doesn't just give you the answers. I found for me to be able to answer the questions, I also had to buy the book the author suggests in the overview section. This is not a light study.

Enjoying the study very much glad I found it thank you!

The questions are beyond the ordinary fill in the blank sort. There are 3 kinds of questions designed to get you to apply truths to your life. I also like the spiral binding for ease of use.

I love this even more than Keri's other studies.

It is helping me focus on Philippians line by line, but it is a little tedious. I am not doing this with a group, private study, so perhaps it would be less tedious if I had group feedback.
