Employment Law (6th Edition)

Synopsis

Directed primarily toward law or management college/university students, this text also provides practical content to current and aspiring industry professionals. Moran approaches employment law with a focus on discrimination and employment regulation, presenting the principles of law in a logical succession and illustrating those principles with engaging real-world applications.

Customer Reviews

Very informative text. I have learned a lot since taking this course and it has opened my eyes to different employment laws that I have never really knew. Thank you

There was not a really good glossary - this book is a student edition so I guess I have the wrong book. I needed the student version

This book met my expectations and arrived on time.

Great textbook. The case examples are extremely helpful in illustrating the legal concepts. The breakdown of the chapters are logical and the book flows well for a textbook.

For school, it did the job.

Easy read as textbooks go. This was a required text for HRCS-311 at U of Redlands.

This book provides great insight as it relates to workplace issues. I really enjoyed.

Has definitely been used.
