Jubal Sackett (Louis L'Amour)

Synopsis

À In Jubal Sackett, the second generation of Louis L'Amour's great American family pursues a destiny in the wilderness of a sprawling new land. Jubal Sackett's urge to explore drove him westward, and when a Natchez priest asks him to undertake a nearly impossible quest, Sackett ventures into the endless grassy plains the Indians call the Far Seeing Lands. He seeks a Natchez exploration party and its leader, Itchakomi. It is she who will rule her people when their aging chief dies, but first she must vanquish her rival, the arrogant warrior Kapata. Sackett's quest will bring him danger from an implacable enemy . . . and show him a life and a woman worth dying for. From the Paperback edition.

Customer Reviews

Bantam Books proudly publishes the newest Louis L'Amour hardcover: May There Be a Road Available soon! From the Paperback edition.

Wilderness explorer Jubal Sackett was the son of Barnabas Sackett, the first of that name to come to the New World. Jubal feared no man, nor backed away from any challenge. His fierce determination to blaze new trails took him across the vast savage North America continent where no white man had been before. Living and fighting among the Indian tribes, Jubal Sackett forged a legend as powerful medicine man they called "Ni'kwana, master of mysteries." And with Itchakomi, the proud Natchez princess, he walked the path of courage that future Sacketts would follow. --This

What can one say regarding the works of Louis L'Amour that his fans do not realize? Jubal is a continuation of the trials and tribulations experienced by the Sackett family in their quest to establish themselves in a beautiful if dangerous new land where only the laws of survival allow those who have the courage to venture forth into the unknown. Louis's ability to invent a family in the "Old Country" and follow it through generations, to establish a new and improved one, bringing along their faith and traditions, kept intact through out, is almost beyond comprehension. All of his books are excellent, but those regarding the Sacketts are exceptional.

if you are following the life-stories of the various members of the Sackett family in pioneering and settling the new land of America in the 17th century this is number 4 and relates the personal quest of Jubal Sackett as he explores where no white man has been before. His story becomes bound up with that of a beautiful Indian princess so that together they face an unknown but beckoning future into the high mountains and beyond. Jubal finds inspiration and courage from remembering Barnabas Sackett the founding father of the family line. This is another well-crafted tale from Louis L'Amour with its usual supply of unexpected twists and tense moments.

I love the Sackett stories. The woodcraft and work ethic of the pioneers has been under-reported by other authors, but L'Amour always gets the details of staying unseen while hunting, tracking and wilderness survival precisely right.

The year is 1630. It's the story of one of the first white men to travel beyond the Mississippi River to the Colorado region. There are few Indians, since horses were not readily available yet. The sights, the scenery, what Jubal had to endure! It's a book to reread; it's that good.

Louis Lamour is the best. This book I have read 3 times and always enjoy the adventure. The picture that Louis Lamour paints with his words is so clear, I feel like I'm right there with Jubal. A fun and enjoyable read, that ends too soon.

I'm simply enjoying this Series of books following the Sackett family, and I'm especially enjoying my mind's view of early America. To imagine just what this country looked like back then. My sweet Lord's finest work. The forest, meadows, valleys. Just imagine how beautiful it must have looked and

been then! No people destroying everything around. The Indians for the most part respected the land. Can you imagine what the Rockies must have look like with no roads, just Purple Majesty, the clean air. WOW! With these books you can. Enjoy

This is my all time FAVORITE book. I read this book EVERY YEAR. Read all of the SACKETT series by Louis Lamour. Very entertaining family with each SACKETT member having his on unique character. You will find wonderful reading in each of this books.

I've never been one to read western books, until one day, in December 2013, I picked up the "Comstock Lode" by Louis L'Amour. I enjoyed that book so much, that since then, I have only read his books and I am now onto my 19th book by Louis L'Amour. As for the Jubal Sackett novel, I loved, as I've loved every other one I've read. I mentioned these Louis L'Amour books to a friend of mine who does not read books, but loves to watch any western movies, well' I've done him a big favour,.....he now reads books.....but, so far only these westerns by Louis L'Amour. It's a big start for him, as he enjoys reading so much now. Well gotta go as I'm reading the "Sacketts" at the moment. Warriuka
