Barron's Court Officer Exam, 3rd Edition

Synopsis

Updated to reflect recent exams given in various parts of the country, this manual provides solid test preparation for applicants taking federal, state, and local court officer exams. The authors present

- Test-taking tips and a diagnostic test
- Four model exams typical of those currently being administered throughout the country
- Answers to all test questions and self-diagnostic procedures

Also included are chapters that take into account the current trend in court systems to rely on oral interviews and computerized testing in the process of selecting court officers. The authors advise on ways to attain a high score in both areas.

The New York State Court Officer Exam, which is only given every four-five years, is scheduled to be given twice in 2014 – in October, and again in December.

Book Information

Customer Reviews

I bought this exam book along with *Court Officer (Passbooks) (Career Examination Passbooks)*. In addition to these purchases, I also spent a few hundred dollars for a prep course. So the books alone may not be enough to score high. I took the exam for New York in 2013. My score was in the high 90's and was given a list number in the high 600's. According to what I've researched online, it's a very good score and list number with a good chance of being canvassed. If you want to boost your chances of doing well, buying this product and the Passbook is a small price to pay. The classes I signed up for definitely helped me. So do your due diligence and research on this book and

other resources that can help increase your chances of scoring high. Good luck

I orderd this book for the nyc court officer exam and this book was excellent!! It has a lot of practices exams, which was very good. It has little short cuts on how to pass the exam and the what to do and what not to do. This book was very helpful. It was a great buy. I scored an 88. I took the court officer exam. Hopefully I will be called soon. The practice tests were very helpful. The book overall was helpful. I would order any Barron's book again to study for tests.

I've yet to actually read the WHOLE thing, however, it's neatly written. The font is large enough so that most can read it with little to no issue(s), and each page has more than enough information within it. The whole book itself is much thicker than I anticipated (which is good) and full of semi-updated information in terms of testing material. What I did not enjoy (although I was aware it was used to an extent) was the excessive markings within the book itself, spoiling every multiple choice answer I attempted to solve. Everything (and I mean e v e r y t h i n g), is already pre-circled, underlined, or crossed out by the book's previous owner(s) which makes it tough to study. Other than that, it was a solid purchase. Would recommend the book, but buy it new for your own sake. :)

Great material easy to understand I really like how the book explains how to answer questions and also show what to look for when reading a descriptive paragraph.

the book is without a doubt more intense than actual court officer test. there is stuff in here that you are really not going to have on the actual exam. for the court officer exam I reccommend studying the charts and the parts that have to do with looking at info that is displayed in a few different fonts and you have to try to find what is missing or different. all the other stuff is good if your taking other types of police officer tests like patrol officer or state trooper.

There's an error in the book on page 240 #27. The answer is C and NOT D. Page 243 confirms what the correct answer should be. I almost marked my answer as incorrect. Overall, this book has excellent tips even if you are a natural test taker like myself and I noticed my score kept improving after each exam. Can't wait to ace the exam on Saturday.

I orderd this book for the nyc court officer exam and this good was excellent!! It has a lot of practices exams, which was very helpful. It has little short cuts on how to pass the exam and the what to do

and what not to do. This book was very helpful. Great buy.

I am happy with every aspect of this order. Highly recommend this seller.
