# Wait And See: Finding Peace In God's Pauses And Plans

## Synopsis

Every woman struggles with times of waiting— for a spouse, a child, a job. In *Wait and See*, Wendy Pope guides readers to focus on the Person of their faith rather than the object of their wait. Pope draws on the story of King David, who was anointed king nearly twenty years before he took his throne. This hands-on guidebook invites readers to record their own waiting discoveries. With practical suggestions and real-life stories, Pope shows readers how they can be active in the present as they hope for the future.

Wendy Pope is the author of *Trusting God for a Better Tomorrow* and the *Read Thru the Word* online Bible studies and teachings. She speaks nationwide with Proverbs 31 Ministries. Wendy and her husband, Scott, have two children and live in North Carolina.

As I am going through my husband abandoning me and a painful divorce after a 20 year relationship, I worry, 'Is this it?' I had prayed for years for a better marriage and for my husband to be saved. Now, the future is a mystery. This book really helped me to open my eyes to the fact that God loved me and freed me from a toxic relationship. Is this the first step in my waiting?? Right now I don't know what is to come but I believe the end of my wait is coming into focus. I do know that I completely trust God with my life and His will. I didn't want this book to end because it became a meaningful guide for me. I highly recommend it for any circumstance and especially for a divorce journey. I learned many life changing answers from the lessons in this book.

Our current Sunday school lessons are "Getting the most out of Waiting for God" and this is a perfect companion book for this study.

Wonderful book - really helpful in the Christian life for all the pauses we go through as we journey through life with Jesus.

this is a great book to help you .that when your prayers are not answered that it is just a time of waiting for God

Wow!!! Amazingly Insightful! Filled with scripture back up and prayers! My husband has been very sick in the ICU, and I have been praying and waiting. Every day I read this beside him, and I have peace. I am looking forward to her bible study with this book as well! Thank you Wendy! But Most Importantly, I am thanking You, and Praising You God!!

This book has helped to heal and give hope thru a time of pain and wait! I've been able to seek God more as I wait for the ending and in doing so I've been able to find peace and contentment!

Very insightful book. So timely for the season I'm in right now. I love the study portion that the author included at the end of each chapter and how honest she was in expressing how she originally dealt with her "waiting" season. This is a book that I will definitely be reading over and over again.

Such a great read. She really helped me find peace during this time in my life. She clearly makes connections to others in their waits and how God's in control. All around a great book. Loved that she provides places for you to work throughout the book too!!
