Alan Vermilye has worked in Christian publishing for over 15 years with many top selling Bible study

authors as well as Christian musicians. He has helped create and market hundreds of published Bible study projects including the Mere Christianity Bible Study Guide by Dr. Steven Urban. He is the author of The Screwtape Letters Study Guide, The Screwtape Letters Study Guide for Teens and Screwtape Proposes a Toast Study Guide. He also created the very popular Big Shiny Planet Bible Study Series used by thousands of church youth groups worldwide and helped facilitate the creation and delivery of the Safe Travel Solutions security-training curriculum designed for short-term mission teams traveling overseas. Alan currently resides outside of Nashville, Tennessee with his wife and four children.

This is an essential companion if you are reading the screwtape letters as a small group. Lets face it, C.S. Lewis can be difficult to read, and without a guide everyone can miss so much. The questions are both thoughtful and guide the discussion to keep your group moving forward. The format is excellent with the various introduction summaries and having a lesson for each chapter makes this very versatile.

We've been using this material for several weeks in our small group, and I'm surprised at how elementary it is and frustrated by the questions which seem to repeat themselves in each lesson. I understand he taught this material and developed it during his teaching, so it is credible, but it just isn't well written. I think we get more of just reading the book and discussing it's concepts. One thing the guide does is offer back-up scripture and that's appreciated. This guide is too expensive for what it offers.

The Sunday School class that I'm participating in is using this guide as a basic guide for the study of the letters. Our class has a number of teachers and retired teachers as well as successful businesspersons so the guide helps keep all of us on a level playing field and helps enliven the depth and breadth of our discussions and learning opportunities.

I have been a fan/student of Screwtape Letters for many years. I regularly quote Screwtape in sermons. I first read it as a new Christian my freshman year of college. In reading it through again, alongside this new study guide I found it coming alive again, almost like the first time I read it (almost 47 years ago). I am planning to take a group of men through it this summer and this study guide will be used to stimulate the discussion. I heartily recommend Vermilye's study guide for a rich experience with Screwtape . . . whether you are a newcomer to the book or a veteran like me.

This has been such a blessing for me in my ministry. It is always so relevant that we are facing spiritual warfare in the ministry and in our lives, this study guide walks you through the Screwtape Letters and reveals some of the hard to understand passages. It also creates a positive reinforcement on fighting that Spiritual battle in life. Great read, great study guide!

Very insightful and helpful in understanding the key components of each letter. It really made me feel like I had a companion to read the book with and give me another perspective into what the content of the letters helped them to realize in their lives.

This was a gift. This book is a nice hard back, suitable for gift giving. It is light reading, easy to read and enjoy and memorable.

We used this book for our Thirteen week study and found the questions thought provoking and an excellent way to structure our weekly discussion. Having the answer guide available along with the scriptural references aided in enriching the class understanding of where C.S. Lewis was going with the letters. Since we recently studied two other C. S. Lewis books we had other points of view for our discussion. This week we finish with the study using letter 31 and the Toast.
