Customer Reviews

My 7 year old wanted to learn general information about farming. This book was perfect. A great overview, although some of it is a little over her head.

fine. This is a well made, very sharp product at a great price point. I'd definitely recommend it and would buy other products from the seller. Another nice touch is that the seller contacted me to ask if I was satisfied. I am. the best seller. for my husband, the speed is so amazing.
