# Cinderella: Grayscale Adult Coloring Book (Beautiful Fairy Tales) (Volume 2)

## Synopsis

Bring on your colors and escape to the magical and romantic world of fairy tales! There are 24 unique GRAYSCALE images of CINDERELLA to color in this book, plus a set of 12 selected bonus images, for a total of 36 pages to color. Illustrator Ruth Sanderson created this coloring book for adults from the paintings in her picture book CINDERELLA, available from Crocodile Books. GRAYSCALE COLORING is different from coloring line art, and fun to try out if you enjoy realistic pictures. The tonal shading in these images will show right through your colors and give your artwork depth and subtle beauty. Colored Pencils are suggested for the best results. Each picture is printed single-sided on 60 lb. pure white paper.

Ruth Sanderson's career as a professional illustrator spans 40 years, and she has illustrated over 85 books for children, including versions of numerous fairytales, including The Twelve Dancing Princesses, Cinderella, Goldilocks, and Papa Gatto. The Golden Key, a Victorian fairytale by George MacDonald, features over forty scratchboard illustrations. Many of the pen and ink drawings for her first adult coloring book, THE WORLD OF FAIRIES, are based on her fairy paintings. The Twelve Dancing Princesses GRAYSCALE Adult Coloring Book is the first in a series, entitled BEAUTIFUL FAIRY TALES, based on Ruth's picture book illustration. CINDERELLA is the second book in the series, and many more are planned. Her coloring books are also available for purchase

on her ETSY shop, as PDF downloads, for people who would like to print on their paper of choice. Ruth is the co-director of the MFA in Children's Book Writing and Illustrating offered during summer terms at Hollins University in Roanoke, Virginia. She lives the rest of the year with her family (plus three cats and one horse) in Massachusetts. Her website is [ruthsanderson.com](http://ruthsanderson.com)

This is a really elegant set of grayscale designs. The designs are based on the illustrations in Ruth Sanderson's storybook version of *Cinderella*. As this is the second grayscale coloring book based on one of Ms. Sanderson's illustrated storybooks, I am looking forward to seeing more of the tales brought to coloring books in the future. The beautiful designs are extremely detailed and have small and intricate spots to color. There are 24 designs in this book and, what is very interesting, is that there are 12 bonus pages that are duplicates of half of the original designs in the coloring book. This is fun to try different techniques or colors on (or to give away to friends if you are so inclined.) This is what I discovered while coloring in this book and testing my coloring medium on the paper: 24 Grayscale designs plus 12 bonus designs based on the fairy tale Cinderella for a total of 36 coloring pages. Printed one side of the page. Paper is typical inexpensive quality used by CreateSpace: white, thin, slightly rough and non-perforated. The designs do not extend into the binding area. The designs have a framing line at the outer edges. Glue Binding. Alcohol-based markers bleed through the page quickly. Water-based markers bleed through in spots. Gel pens and India ink pens leave shadows on back of the page. India ink can bleed through if you apply heavily or multiple coats. Coloring Pencils work well with this paper. I found that I could layer the same color for deeper pigment or multiple colors and I could blend easily using a blending stick; however, some of the darker areas of the designs had a tendency to smear using this type of blender. I found that liquid forms (Gamsol or mineral spirits) did a better job. This doesn't bother me as I generally do not use a blender on grayscale designs. I tested both oil and wax based pencils. I also found that hard lead pencils (like Verithins) leave dents through the paper. I like to use a blotter when working in the book. I use a page of card stock or several sheets of heavyweight paper under my working page. It keeps seeping ink and marring dents from ruining the pages below.

What a great grayscale. There are awesome tutorials for coloring this book. If you love Cinderella or princess you need this. Right on point pictures are very classic and true to the story. You will want this

The artwork of Ruth Sanderson is absolutely gorgeous. For lovers of grayscale this book is a joy.

Gorgeous book! Again, the bonus pages are great for practice!

neat little book fun to use with watercolors colored pencils and felt tip pens or gel pens oh well any medium.....

These are BEAUTIFUL!!!!!! They are not Disney. Rather than compete with an Icon, this artist chose to rise to another vision. A vision that is equally beautiful. The renderings are eye catching in grayscale and I can't wait to put color to them.

Thanks great coloring books love product on time to

Beautiful coloring book with great illustrations.
