Over two years ago my son was brutally murdered and every day I still grieve his passing. At the end of each day I wrap his scarf around my neck and read at least one oracle card. The verses and explanations put things back into perspective for me and help me see the big picture rather than just a tiny portion of what our future holds.

I love, love it love it and I love you Denise Linn for creating this card deck. This card deck has got to

be my favorite card deck of hers and thinking about doing a card reading for people combining this card deck with my Medicine Women Tarot card deck one of these days because both card decks are great. The cards in this card deck having mostly scenic pictures which have in it various forms of mountains, forests, waterfalls deserts and more. There are also various native american symbols and animals such as a peace pipe, medicine bag, thunder drum, an owl, a bear, a fox and more all displayed very beautifully in the cards. Also I am very inspired about the many ways they show the sky in each card as well you see morning, afternoon and evening skies and various season are also seen in this card deck as well and some people. Various forms of the earth and animals are seen in this card deck. I think this would be a perfect deck for my friend Tom who likes to hike. The wording on the cards including Spiritkeeper Of The North, Spirit Keeper Of The West, Eagle, Offerings, Elder Medicine Woman/Men and more. This card deck is the best Native American card deck that I have seen by far and very happy I decided to get it. Update May 17 Continuing to love, love love, this card deck and finding that friends of mine responded very powerful to this card deck. I have decided to get this card deck for my friend Tom. for Christmas. He likes the book The Quest and as a hiker really loves the scenery in the cards. I am also going to give him Denise's book on Symbols. My friend David who I show various card decks to loved it. He likes most of the cards he saw and wanting to see the rest of the deck the day after I showed him most of the card deck. This is the first and only time he liked a card deck that I showed him and couldn't wait to see the rest of it. He also mentioned a grandmother of his had a Native American school. And part of an Indian Tribe don't remember which one though. This card deck is very powerful and special card deck and people take notice.

bought these after reading people's wonderful reviews. not disappointed! i LOVE the author's messages in the guidebook. simple and beautiful. thank you!

I love this deck so much! It is so perfect. The cards are 100% incredible quality and the pictures are to die for.

This is a very nice deck with good explanations, It's wonderful to see the native influence and perspective. Very natural, helpful and easy to work with.

I have bought close to 30 different tarot and oracle card sets over the past 10 years. I love reading for friends and family and I absolutely adore these cards. In my opinion, quite a few oracle cards are

developed by the author for the author - but with these, they are definitely made with sincere thought and love - and are a gift for others and the world. Highly recommend these cards!

Absolutely love these beautiful cards! The artwork is so beautiful. They are all so inspiring. I draw a card every morning and take in the message. They are all such positive inspirational messages!

Just as marketed! They are sitting on my bookshelf. I checked them out when they first came. They are very nice cards. I just haven't had time to really connect with the cards yet. What can I say... it's Christmas!
