Spider-Gwen Vol. 3: Long Distance

Synopsis

Will Thanksgiving be a happy one for Spider-Gwen and friends? That very much depends on what crime lord Matt Murdock and his ninjas bring to dinner! It's time for Gwen Stacy to stop running from Earth-65's Kingpin of Crime - but Matt may have a thing or two to teach the budding Spider-Woman!

COLLECTING: SPIDER-GWEN 14-18

Customer Reviews

The trade only includes issues 14 and 15, Annual #1 and all-new Wolverine annual #1 which co-stars Gwen. The other problem I have is that 16, 17, and 18 are in the Spider-Man/Spider-Gwen: Sitting in a Tree trade that was released a month earlier. Since I only buy the trades and don't read it monthly, this really annoyed me. The writing and artwork are top notch as always but I feel a bit cheated with this trade since it only includes 2 issues from the ongoing storyline. I know Marvel didn't have much they could do since the next 3 issues were part of the Spider-Man crossover, other than include them in the previous trade and just charge more.

The description for what issues are contained is incorrect. This actually collects issues 14-15 as well as two annual issues. To get issues 16-18, you need to buy spider-gwen/ spider-man: sitting in a tree.

Didn't have as much content as I was hoping it would have like its previous volumes. It contained a lot of filler stories within it. Hopefully the next volume won't follow from this one when it comes down to content.

I'm a super fan of Spider-Gwen, but this comic book it's not the better one of the series. As always, full of action and internal struggles, not only for the main character, also for every one around her. I'm so grateful for the quick shipping, the only "but" it's that the book has a really small damage at the corner, But I assume it was on the rude mail service, the seller made a really nice packing. Still very happy with this purchase! Why this is not a great one of Spider-Gwen? If you want to buy this, you must know that this volume does not contain the issues 14-18. You only get the 14 & 15 plus the annuals, to get the other numbers you must buy the crossover Spider-Man/Spider-Gwen: Sitting in a Tree. So be aware of this, this purchase only is worthy for people who collect the series. Despite all, I recommend this comic series and the seller

A really solid volume. Nothing fancy, just an interesting adventure of Spider-Gwen and Miles Morales. It was a fun read. I'm not that fancy of Miles Morales, so I can't say I was excited to see that his crossover with Gwen gets a whole volume, but he didn't annoy me, he's a nice character. I am still hoping to see some original villains, because so far there were only some classic guys, which are fine, but this comic needs to raise the scale and its game to a higher level. Pretty excited to read Volume 4, which concludes this month. My only big complaint is that with all these volumes we always jump back and forth with villains and everything, I kind of wish they'd stop all these crossovers and just focused on Gwen in her own world without anyone intruding. There is still Frank Castle's threat and her dad in prison, so there is something to be focused on.

Spider-Woman is awesome! But this volume is a bad collection. There is almost no plot or character development in this: we have a sentimental Holiday issue where almost nothing happens, followed by one low-key issue where almost nothing happens, and that's it for the main story! Then we have a useless annual volume put in there, which has a few funny short gag comics and random mini stories by random artists and writers, then a random issue of Wolverine with a really shallow side-story that doesn't affect the main story at all. And that's it!
