Steve Sullivan is a popular motivational speaker whose books have sold over 100,000 copies. He lives in North Haven, Connecticut.

If you're looking for the differences between the film "Remember the Titans" and the real life story, this isn't it. It doesn't even really touch deeply upon the subject or go into depth about players other than Bertier. However, it's a good read into a good man and a great coach. Well worth it.

Interesting to hear the assistant coaches thoughts about his career. Good man.

The life story of Coach Bill Yoast and the true events not covered and/or not told by the Disney movie "Remember the Titans." A must read, especially for the young coach who wants his or her team to not only be successful, but understand the meaning of character, team work, and leadership. An easy read packed with life lessons and feel good moments!

I graduated from FC Hammond in June of 1971 before Alexandria changed the school system. Bill Yoast was Hammond's head football coach and having gone to school with some of the players involved in this now famous story, was interested in reading his side of the story. Enjoyed it.

This book was an outstanding journey of a charismatic coach and his lessons about life through the people he met and his coaching experiences. The story will draw you in from the very start and includes numerous passages of inspiration and integrity. I bought the book as i fell in love with the movie, however the story in the movie is merely scratching the surface. Coach Bill Yoast's story is filled with adversity, overcoming obstacles, soul-searching and lessons learned from his mistakes. This book is a must read for any person looking for inspiration, looking to find themselves, looking to become a better person or just looking for a great story; Remember This Titan will have you pondering life and questioning human morality.

The prose is not the greatest, but since it was written mainly via interviews, that is not a huge deal. The real story of Coach Yoast is very informative and uplifting.

I've always loved Remember the Titans, the movie, so reading the true story about Coach Yoast is just as great! I'm halfway through the book and I just love it!

Great book for any football fan or anyone who loves the movie and wants to hear more of the story. I highly recommend it, read it front to back in one night. Adds great depth to Coach Yoast's legacy.
