Mr. Food's Quick & Easy Diabetic Cooking : Over 150 Recipes Everybody Will Love

Synopsis

For years fans have been asking TV's Mr. Food to create a cookbook for people with diabetes. He's finally done it, in association with the American Diabetes Association. Yes, in his inimitable no-nonsense style, Mr. Food helps readers say "good-bye" to good-for-us dishes that look as bland as they taste, and "hello" to more than 150 classic recipes that will satisfy time and again. As an added bonus, Mr. Food's Quick and Easy Diabetic Cooking includes personal stories and recipe specialties from celebrities with diabetes. The book offers a seemingly endless variety of tasty meat, poultry, seafood, and meatless main course recipes. Also included are appealing appetizers such as mini meatballs and spinach dip, and sensational salads, soups, and side dishes, which add a zesty touch to every meal. Each recipe includes nutritional information and diabetic exchanges.

Before I started on a diabetic diet I had a few of Mr. Food's other recipe books. I was so excited to find out he, Art Ginsburg, had written a recipe book for those with diabetes. My diabetic diet had become so boring and plain until I received this book from .com. Now I look forward to planning my next meal. The Double Chocolate Brownies were a hit with an Irish club I belong to. People were happy to see something they were allowed to eat on our snack table instead of the usual sugary treats.

some of food i did not care for but it ok to try this book

Easy book to follow with pictures.

Great recipes in this book and ones that I share with non-diabetics just because they are so good and healthy ! I would totally recommend this item !

Sort of OK. Recipes are mediocre and not very professionally written, but it is serviceable.
