ok for the price

Will be reading up on this more . i think it will help me .

Good resource.

This is a short (20-30 pages I would guess) advertisement for a particular brand of cbd. The information about cbd is pretty basic. If you're looking for a book about cbd, you probably know most of it already. If you know nothing, I suppose it gives a quick summary before it turns into pure advertising. On the positive side, it's only \$.99

Truly informative book. I was turkey grateful to read it. Kindle a great book app..

Ok but very basic and not scientific. E.g. MRSA is not a virus but a bacterium. Also CBD can be a helpful addition not "addiction" to their daily routine. Editing could better.
