The Now Or Never Moment: Sophomore Year

Synopsis

Tanner writes Shelby a love letter of epic proportions, but by the time she reads it, he's already gone. Shelby Dudek and Tanner Tally have been inseparable ever since freshman year after she intervened with his face getting pummeled in. Fast forward four intense years--Shelby is leaving for college. Without Tanner. Three days before she's set to move, he hands her an envelope with explicit instructions: In no way shape or form is she to open the envelope until she is perfectly settled in at school. She is not to even think of it until then. No one has seen Tanner since that moment. In the letter Tanner wrote, sophomore year has begun. As Shelby continues to read out loud, she wants to know why he kept so many things secret. During her reading, she finds out more, and some events that took place in high school start to make more sense. And the story of Shelby and Tanner's high school years draws in more listeners besides her roommate. They all need to know what happens next. Part two of a four part NOVELLA series.

I loved the last line about Shelby learning more about her friend and possibly herself. Being a friend

to someone so troubled would have been a challenge, especially knowing he liked her. She walked such a tightrope, trying to give him validation but not romantic encouragement. Her wonderful family is such a contrast to Tanner's. His suffering is palpable but he never completely gives up. If he'd had better parents, it's hard to tell what he might have accomplished. The writing for his voice is so strong--a guy who knows the girl he loves has seen him at his worst, but he still wants to be cool for her. And I'm just like Shelby's audience--eager for Junior year.

The second in the Now or Never series, this was often painful to read but well worth it. It hurts to see how a person in need can be let down by so many people in the community and even in their own families. But there's redemption in knowing that there's one person who will always be there for him, and that's Shelby. I also love how we see Shelby's own journey of self-discovery through Tanner's eyes and in hindsight.

Loving the continuation of this series! Lovers of young adult fiction, check this author out. You will eat her books up!
