Customer Reviews

The tension straps broke on first outing with the bag only 3/4 full. Both horizontal straps in the upper half of the bag. Do not buy this bag for overnight use. Spend the extra \$20 to get a bag with proper stitching. I bought this for a very casual backpacking trip for two nights and had to deal with an unbalanced load on the way back due to poor manufacturing. I am currently trying to get my money back.

I use this pack as an every day pack, at college, as well as out doing my errands in town, not just for hiking. It is perfect for all my needs. I get a lot of complements on it, its construction, as well as its looks. It will be great for any day hiking this summer, or short overnight stays. I tell people I meet and friends about , and their great quality products and sales, and selection of packs I found here. I have a little trouble with one zipper sticking slightly, but I'm sure I can spray something on that and it will correct. Fantastic pack. Fantastic sale. Thanks .

Overall my son really like the backpack, it held a lot of stuff and had many storage compartments and was very comfortable to carry, only issue was it ripped at one of the seams in one of the smaller side compartments after a weeks use. Customer service from OnePack was very good, they asked for a picture of the rip and once they received that from me they put a new replacement in the mail immediately. We have not had any issues so far with the new backpack.

Item just as described. Tons of space. Material isn't super thick or tough. Going to be careful and hope it doesn't rip.

Great size, very comfortable.

Great size bag for the price.

Perfect for my sons camping trip! Plenty of pockets!

Very disappointed with product didn't last a week and lost several items of importance before knew it was torn. Wasn't overpacked in any way either. Would very much like to know how this can be resolved. Thank you for time.
