It is in good used condition.

Great read! This book was concise and well versed on negotiation jargon. It helped a lot with my

negotiations class to receive my MBA.

The course is Mediation & Conflict Resolution. This book is most informative. What I didn't like about it is that the first edition, not in print, has additional information explaining much of what the 2nd edition omits. The rewrite of the book requires reading those portions of the 1st edition not in the 2nd. Together they are very helpful and useful if becoming a mediator is a consideration.

In great shape. Thank you!

Excellent reference book for my doctorate program. I received it on time and in excellent condition. is my go to place for all reading materials.

Very informational book. Great product, was in great condition! Book is easy to understand and easy to read! enjoy it

perfect just what I needed for one of my law classes
