This handy little chart supplemented my Berlitz 5-Minite Italian text for a Community Ed class. The print is a little small, but it packs a lot of nice reference material into a small space. If I ever take a trip to Italy, it will fit into my official Rick Steves Day Pack.

Will be very helpful when I go to Italy. Easy to understand and gives info that will be valuable for my trip.

Not much in the way of explanation (when to use what word/phrase), but a great summary of commonly used terms with some context. Probably best used as a supplement to a language course or real textbook (like Prego!).

I'm currently studying Italian and use these religiously as they are a great reference. Sadly, they amount to 2 sheets of laminated paper which would cost way less if you just printed them yourselves.

I'm learning basics and this is a handy guide

Good price - Fast shipping.
