William Gray, a history graduate, was educated in the Seychelles and Hong Kong. He is the author of three novels, two films and several wildlife books, mainly on Southern Africa. One of his finest accomplishments is Wildlife Africa, a tribute to the people, landscapes and wildlife in Africa. He currently lives in Zimbabwe.

Good quick, concise guide with maps of the area. We used it in conjunction with 2 other books. We find it most helpful not to rely on a single book.

This book was a wonderful resource for my trip. I love it and it really summarized everything I needed to know. Love it!
