# The Worst Children's Jobs In History

## Synopsis

The Worst Children's Jobs in History takes you back to the days when being a kid was no excuse for getting out of hard labor. This book tells the stories of all the children whose work fed the nation, kept trains running, and put clothes on everyone's backs over the last few hundred years of Britain's history. From a jigger-turner to a turnip-picker, from an orderly boy to a matchbox maker, this book will tell you things you probably didn't want to know about the back-breaking realities of being a child in the past.

Tony Robinson has written many books on historical subjects, including Tony Robinson's Kings and Queens and The Worst Jobs in History. He has written several television series for children including Maid Marion and Her Merry Men for which he received a BAFTA and a Royal Television Award. He presents Channel 4's archaeology series Time Team, and played Baldrick in Blackadder.

Tony is a great comedian and this book is a good stand-in for the show and encouraged my 8 year old niece to read more.
