"In an alternative universe of alternative facts, the story of Passover was not the exodus of the Hebrews from Egypt, but that of the zombies." A A Daniel A A Schere, Washington Jewish Week/Jewish Exponent/Jewish Advocate" A blend of the rituals and storytelling of the Pesachà sederà Â merged with an original zombie narrative that echoes the tale of the Jews in Egypt and their dramatic ascent to the Holy Land. The book is worth a read for the hilariously on-pointà sederà Â instructions alone." Rachel Kohn, Kol HaBirah"With basic pen and ink illustrations on a red background, Litwack brings the zombie characters to unlife. With mouths agape and limbs askew, they search the pages for brains."A Â Lauren Landau, DCist"AAAAAAAAAAAAUUUUGGGHHH!"à Shlomo Markovovitz, Undeadà Â "This surreal journey through time will enthrall and delight readers who are looking for new, historically irresponsible lenses with which to experience the stories in the Haggadah. In this case, that lens is a dystopian apocalypse that is comprised of flesh-eating zombies. Anyone who is a fan of Colson Whitehead's Zone One or Isaiah chapters 56-66 will want to peruse this intriguing new document, and purchase an extra copy to send to their nephew who is currently working out of his parents' basement dressed in full cosplay"Ã Â Dr. Malka Z (for Zombie) Simkovich, Doctorate in Philosophy, Second Temple Judaism - Harvests brains for her own purposes"Mr. Simkovich creatively remastered the haggadah to create a new tradition for the zombies. I am sure that Zombies everywhere will see this as the essential reading material to use as they dine on human brains at their seders. Humans (if they have any brains left) will also greatly enjoy reading this humorous text." I love the idea of this Haggadah. However, it too 4 weeks to arrive and came way after Passover was long over.

Great addition to our seder table, recommend to all Jews, zombies, and righteous (dead) gentiles in varying stages of decay.
