Awesome, Lots of GREAT information. Would suggest it for those traveling to Italy. Highly recommended this book,

Milan is a city that is famous the world over for its glamour and decadence, and you can experience a touch of this decadence for yourself if you visit the Just Cavalli Hollywood club in the city. As you might have guessed, the club is actually owned by Cavalli, the famous fashion designer, and it is beyond sleek. The cocktails are great, the clientele is intimidatingly good looking, and we love it. This book is really an important book for every people who wants to travel Italy. I would like to recommend this book to all.

Italy is a cool country to travel. We needed to know some important and historical places from Milan

and after reading this book my mother able to find out that places info like food recipes, places and culture etc. I think thus type of book is enough to know about any country's full info.
