Customer Reviews

Founded in 1993 in Bath, England, PopOut Maps have established themselves as a best-selling range of pocket-sized city maps. Featuring a central and greater crop of the city, plus smaller maps of popular tourist areas and a transportation map to navigate the city, the PopOut has everything you need to discover your chosen destination. Our striking map designs feature: Easy to read icons and fonts Patented, self-folding, durable format Assured reliability and accuracy Clear and logical navigation with cross-referenced indexes to all streets and places of interest Eye-catching, laminated cover designs

Very disappointed in this and the one I ordered for Barcellona. An older edition of this product (for Dublin) included not just the detailed street map, but a numerous page text recommending sights to see, restaurants, museums and spots featuring live music. Detailed map of Madrid was fine, but the product lacked a several page booklet that was included as part of it on a listing of museums, historical spots, restaurants, list of bars and pubs featuring live music. I was very disappointed in this product especially because an older pop out map of Dublin had included such helpful info.

Love Pop Out Maps and this is no exception. I buy them every time I travel to a new city. Readable, portable and accurate. What more can one ask for in a map!?

Popout maps are the best maps ever for travelling around Europe and not feeling like a giant tourist. Compact and ideal content. Wish these were available for everywhere!!

Nice map. Print is a bit small

Haven't used yet but feels and looks very accurate to the big map I have. Bought this to put in purse as a back up.

Love these maps. Small enough to fit in a pocket, well designed. Love them, love them. Recommend you purchase one for each city you visit. However, after much use the page tears easily, but by then it's so worn it becomes part of the charm and memory.

Does not provide adequate coverage of all of Madrid, especially to the north and west.

Nice compact fully detailed map.
