## Customer Reviews

I bought this book for my six year old girl. This is the right one. The ideas are not so complicated and easy to follow. I guess this will take her a while to work on. Paper quality is good, bright

pictures. Lovely gift!

This book was inspirational with easy to do DIYs that came out looking great!

love it so many crafty ideas that are easy to do

Zero complaints

I cannot believe this book received 4 and 5 stars. Those reviews must be from the author herself or her publisher. Every single craft project in this book is unoriginal and woefully outdated. Sad looking wreaths, spray painted antlers for jewelry holder and a reindeer silhouette out of red buttons just to name a few. Don't waste your money.

Plenty of ideas for projects with the freedom to make it more personalized for you. Love the trendy projects. Definitely would recommend it.

This is stupid! The ideas are lame, & it keeps going on about how 'expensive' things SUPPOSEDLY are, just to have you do the DIY version! Those things aren't THAT expensive! I have another book from American Girl with better ideas!

Ideas are doable but not very stylish. Great summer craft ideas to keep kids entertained.
