Charlie Brown And Friends (PEANUTS AMP! Series Book 2): A Peanuts Collection (Peanuts Kids)

Synopsis

What began in the funny pages in 1950 has developed into an enduring classic. Whether you're a fussbudget like Lucy, philosopher like Linus, Flying Ace like Snoopy, or a lovable loser like Charlie Brown, there is something to touch your heart or make you laugh in Peanuts. Charles Schulz's Peanuts is one of the most timeless and beloved comic strips ever. Now AMP! helps carry on that legacy with new collections of Peanuts classics focused around topics sure to resonate with middle-grade readers. Second in the series is Charlie Brown and Friends. Whether it's the curious relationship between a bird, Woodstock, and a dog, Snoopy, or the never-ending crush that Peppermint Patty has on Charlie Brown, the gang's interactions are what make Peanuts resonate with kids. First published in 1950, the classic Peanuts strip now appears in more than 2,200 newspapers in 75 countries in 25 languages. Phrases such as "security blanket" and "good grief", which originated in the Peanuts world, are now part of the global vernacular, and images of Charles Schulz's classic characters - Charlie Brown kicking the football, Lucy leaning over Schroeder's piano - are now universally recognized. Together these books will introduce a new generation of kids to the lovable cast in time for the new animated Peanuts movie, which hits theaters in 2015!

Customer Reviews

"Every member of your family is going to love this book!" (Debbie Glade, Smart Books for Smart Kids)"...a beautiful collection...will bring a smile to the face of those who have never read a Peanuts comic before in their life or those who are re-discovering it after being separated for far too long." (L.B. Bryant, ICv2)

Charles Schulz is a legend. He was the hand and heart behind 50 years of "Peanuts," which featured one of the world's most beloved and recognizable cast of cartoon characters, until his death in 2000.

I am a Charlie and friends fan. It is great to see the digital kindle versions as the colors are amazing and you can enlarge the cells.

My child's favorite book!

very good.

The thing about Schulz and Peanuts is that they never grow old. There have not been any new strips since Sparky's death but is always enjoyable to see new compilations, and especially now in Kindle versions.the new compilations show strips previously published in a new light. Got to admit that I remain a. Big Peanuts fan.

My 9 year old loves graphic novels so this was a perfect gift for him, he loves Charlie Brown too!!! It encourages him to read which is always a plus for every child and parent... Highly recommend.

It's kind of pretty book very cute I enjoy reading it even I'm not a child but really I like itTry it you'll fill in love with it

I haven't read comic books in ages, but I bought this one a while ago and read through it very quickly, wishing it were longer because it was just so enjoyable to read. (Luckily, there are loads of other Peanuts collection books here on , so I'll be getting more of them at some point.)

The good ol' Charlie Brown comics that we enjoyed when we were kids ! Lovely paper quality and lovely poster at the end.
