Hellboy, Vol. 3: The Chained Coffin And Others

Synopsis

Dark Horse presents new editions of the entire Hellboy line with new covers, beginning with Seed of Destruction, the basis of director Guillermo del Toro's upcoming film. Hellboy is one of the most celebrated comics series in recent years. The ultimate artists' artist and a great storyteller whose work is in turns haunting, hilarious, and spellbinding. Mike Mignola has won numerous awards in the comics industry and beyond. When strangeness threatens to engulf the world, a strange man will come to save it. Sent to investigate a mystery with supernatural overtones, Hellboy discovers the secrets of his own origins, and his link to the Nazi occultists who promised Hitler a final solution in the form of a demonic avatar. "Hellboy restores my faith in the joy of comic books."—Clive Barker

Got it for a college class. First time reading Hellboy. Great artwork. I'd call it PG-13 for thematic and action (a little gory), but there's no nudity or anything lewd until the last couple pictures in the book, which are separate, and it's not super bad (partial nudity/suggestive). There are some great deep themes, some of which I probably haven't fully grasped.

Arrived in great condition!

Each of the Hellboy collections is great. This is more of an "Odds and Sods" type collection--it has

some origins stuff, shorter stories. Really good. The art isn't as good as *Wake the Devil* or *Seeds of Destruction* (it predates both) but it also has Mignola explaining where he was creatively while plotting through the tales.

Bought this for my 21yr old son because he loves this series and it was easy to find. Only thing wrong was that one of the corners was bent when we opened the box.

I recently hear an interview with Mike Mignola where he said that this is the collection that he traveled with in his suitcase for a long time. When people asked what he did for a living he would give them *The Chained Coffin* to read. This is definitely my favorite in the series as it contains some short stories that fill in some cracks and add to some of the previous stories. So, let the corpse point the way to the purchase button, sit back and enjoy.

An enjoyable collection of Hellboy's various adventures, as well as a peak at his origins.

I enjoyed this compilations of short stories. The only downside is I found myself wanting more information regarding the backstory ices.

Love it
