## Customer Reviews

Natasha Preston is the New York Times bestselling author of *The Cellar*. A UK native, she discovered her love of writing when she shared a story online and hasn't looked back. She enjoys writing romance, thrillers, gritty YA, and the occasional serial killer.

I'm not sure why this book has received so many negative reviews, I loved it! I only read thrillers, murder mysteries, "who dun it", etc type of books and this book fit the bill so well. I got the book and was finished within 2 days, always makes me sad when I get so invested in a good book and then finish it. It was interesting from the get go, but I'm not surprised because I love this author. I understand some users were upset with the ending, but that's how movie endings end too.. makes

you want more and that's the whole point. I'm 24 and loved it, so I recommend it for anyone!

I found Natasha Preston through a friend and loved the Cellar series, but the Cabin starts slow and leaves you feeling like WHAT THE HELL? A part of me hates that I spent money on this, but another part hopes there is a sequel. If this is truly how this ends, I may not be reading anymore of Natasha Preston. So if you like a good solid ending, this isn't for you..

I'm probably too old for this book about recent high school grads, so I don't want to be too hard on it. Based on the reviews, though, I expected more.

I was very disappointed in the way this book ended. It was not her best book by far.

Daughter is happy.

This book was a request from a grand-daughter, and any time a teen asks for a book it is a plus. We all need to encourage reading. This author is great for teens and will help with enjoyment and learning.

Reading while the story's suspense unfolded without hatred and gore renewed interest in mystery

Mackenzie and her friends go to a remote cabin for a weekend of hanging out and partying. What is supposed to be a fun time ends in terror and tragedy when she wakes to find two of her friends have been murdered. There is no sign of forced entry, putting all of the suspicion on Mackenzie and the rest of her surviving friends. Let me start off by saying I stayed up until 4am reading this last night. I don't do that often with a book, but I just had to know how it ended! I do not understand why this book doesn't have a higher rating. In my opinion, it definitely deserves it! I found this to be a thrilling read and I loved every minute of it. It's full of twists and turns, romance, thrills, and amazing banter between the characters. I would love a follow-up book to this, it was just so good! The ending definitely left me wanting more. I highly recommend "The Cabin" to anyone who wants to read a thrilling suspense novel. This book did not disappoint. I look forward to reading Natasha Preston's other books in this genre.
