## Customer Reviews

Lucy Cousins is the creator of all the Maisy books, as well as *YUMMY! EIGHT FAVORITE FAIRY TALES*; *HOORAY FOR FISH!*; *JAZZY IN THE JUNGLE*; and other books for young children. She lives in Hampshire, England.

I have a two year old granddaughter, and this was a big hit. The book is sturdy and can withstand a toddlers handling. The hide and seek theme delighted her and is preferred to her other board books. Highly recommended in the entertainment of your young, budding readers.

This book hardly needs my review, since there are so many glowing comments, but this book had such an impact on our family that I am writing one anyway. My son LOVES this book and has us read it over and over and over again. It's the one we pack in the diaper bag to distract him in restaurants or on long plane rides. He knocks down all the books on the shelf to find this one, and

then keeps handing it back to me to read again as soon as we finish. I highly recommend this book for older babies!

Cute interactive book for our 14 month old grandchild.

Our toddler loves this book and wouldn't let us put it down, it remains a fave even after several months and many new books in the library. Maisy is an interactive and cleverly written and illustrated book, your child will feel accomplished after finding Maisy at the end of the story.

Where is Maisy? This is my Niece's favorite all time book.

I'm not entirely taken with the Maisy character but all the grandkids like her, (although especially granddaughter Maisie). I am taken with the calm and gentle story and the fun everyone has lifting the flaps. Flaps are always fun, but trying to find Maisy adds an extra dimension. And, the book is well made, so the flaps have held up under repeated use by little hands, which isn't always the case with flap books. All of the Maisy books are good choices, displaying Maisy's good behavior, cheerfulness and kindness, but without a heavy message feel.

Great open flap book for toddlers. Makes reading more enjoyable and fun! My son loves this book as it is one of his favorites! He loves opening the flaps to see whose behind while I'm reading to him.

Purchased for 2 yo. She LOVES it! It's super cute, fun to read board book. This was also a favorite for my 10 & 13 yo. when they were toddlers. Still have the 1st but it's a bit "read" so had to get a new one. We actually named one of our dogs Maisy because we love to read about her.
