The Wars Of The Jews: Or, The History Of The Destruction Of Jerusalem

Synopsis

In The Wars of the Jews Flavius Josephus gives us valuable insight into the first Jewish Roman War and the rebellions that followed thereafter. Josephus having been an agent for both sides of the conflict provides us with a perspective of this conflict that no one else could have. Here is an important historical document.

Customer Reviews

Josephus was there. And he told it like it was. The tragedy, the horror, everything. Read of a rebellious people who hated the Romans and their authority, while still claiming to be God's people. Read how the Romans tried to make it right for the Jews, but their resistance is beyond human thinking. Their rebellions, endless fighting among themselves at the cost of their own lives and their wives and children, and the demise of the Temple. It will make you cry.

This is one great book about Jewish history I never knew about. A little hard to read at times , but Josephus was a 1st century man writing in his time in the manor and language they were use to. The other thing is the detail and the graphics of the peoples sufferings. I strongly recommend this

book for history buffs who like this period of history.V. LauriaLong Island,NY

Informative, very long, good reference

I am learning so much about the wars, which is my intention. The book is layed out differently than most but it is rather easy reading.....some use of the language differs from our use of the word which I find interesting. It is alot to read but I'd say very worthwhile if you want to learn more about this history.

A very good book by Josephus, an excellent historian. A must read for all history buffs. Josephus is an excellent historian writer that has all of his facts right. An excellent book to own.

Great book. Hard to read

What may sound like a dry book is actually enthralling.

Gave it as a gift. I didn't read it just glanced through it.
