Edward M. Robinson began his career in law enforcement in 1971, with the Arlington County (Virginia) Police Department (ACPD). After 25 years with the ACPD, Mr. Robinson created the Crime Scene Investigation concentration at The George Washington University for their Master of Forensic Science degree program, and continues there today.

I actively use this book and the editions prior for my work. It is very comprehensive (and very

heavy;-) so i bought the digital edition as well. It arrived quickly.

We bought this book as a reference for our Evidence Technicians. It's a great book with very thorough information.

This is the most comprehensive Crime Scene Photography book that I have come across. This is quickly becoming my go to reference book.

I'm using this for my forensic photography course. I really like it so far. I got the kindle version. It's really easy to use.

Awesome price point for this textbook!

Great book
