John MacArthur has served as the pastor-teacher of Grace Community Church in Sun Valley, California, since 1969. His ministry of expository preaching is unparalleled in its breadth and influence. In more than four decades of ministry from the same pulpit, he has preached verse by verse through the entire New Testament (and several key sections of the Old Testament). He is president of the Master's University and Seminary and can be heard daily on the Grace to You radio broadcast (carried on hundreds of radio stations worldwide). He has authored a number

of bestselling books, including *Twelve Ordinary Men*, and *One Perfect Life*. For more details about John MacArthur and his Bible-teaching resources, contact Grace to You at 800-55-GRACE or [gty.org](http://gty.org).

Very enlightening. I have downloaded it on my Kindle and phone. It has enhanced Bible study time. I endorse this product with all my heart. MacArthur is a godly man who is trusted in the Christian community to bring to light the Word of God to us so we can rightly understand the true meaning of scripture.

Don't get me wrong, I love the Bible, love reading and studying it. However, I am completely unable to navigate. I actually have to read it page by page, which is a bummer when I want to look up a specific verse or passage.

Made for a wonderful gift. Very pleased! Now John, how about doing one more... in the King James Version. I'd give anything to have such a thing. It wouldn't be very profitable and I KNOW you and the ministry have NEVER been in it for the money. 46 years of Grace To You testify to that fact clearly. I realize you have preferred the NASB since the precious days of mentoring under Dr. Feinberg at Talbot. I understand the connection and sweet mentoring relationship there. It makes perfect sense. But it would be a very special gift to so many if you'd consider such an undertaking. And I don't underestimate the undertaking. It is massive I realize. Thanks for hearing me out though. I bought my first tape series from GTY in 1979.

I have been using this study Bible for some time. Although quirky, it was working satisfactory. Table Of Contents, Foot notes, and study note links were accessible for the most part (some bugs with the help notes, but was acceptable). After upgrading my iPad to IOS7, the TOC, study notes links are extremely small and cannot be tapped. It will not adjust with the font size adjustment. The regular text adjusts larger and smaller, but all of the text that are hyperlinks (tapable) stay small. I called Kindle support and they were of no help. The first three calls told me to use my computer and coincidentally we got disconnected. One woman has been very helpful and am expecting her call soon trying to get the tech people to help me. I will update if anything changes.

I have used the MacArthur Study Bible for a number of years. Recently harder to read "regular font" so I have purchased the large print edition. Still love it. I also purchased the ebook version so I have

it with me when I travel without the weight of the "tome". It is very helpful especially in the passages that are more difficult to understand and that have a number of different possible meanings. God has used it in my life and I am very grateful to God and to Dr. MacArthur for this wonderful tool to study God's Word.

This is a very poor presentation. Hard to get from one scripture to another, no content page lists. Just very unhappy with this version of a study bible. Would not recommend buying unless the hard copy is much more usable. I'd like to get rid of this from my Kindle.

The content is exquisite but the quality of the bible is poor. The gold started to fall off immediately and pages started to fall out after about 3 months. Unfortunately, that is too long in order to return it. UPDATE: kindly replaced the Bible but a page fell out in the replacement as well. I am not ruff on the Bible so I don't know what is up.

This Bible is AMAZING! I wish I had it years ago. On the bottom of every page Pastor John MacArthur explains every verse giving other verses all through the Bible that support his explanations. I encourage everyone to have at least one in their home. There's one for every version and at the end there's a concordance and many other explanatory sections with maps etc. If I look up Angels there are tons of verses on Angels, Death, tons of verses explaining what happens, where and when we go, and all about the final judgements. If you ever thought, "I'd read my Bible but I never understand it, and I don't know where any verses are about the subjects I need to read about," get this Bible. You will be so blessed. Give it as a gift. I'm planning on giving a few this Christmas.
