If someone needs an access code it is better to buy the book new because the access code alone is the same price as the new book with the access code.

Finally got the book but by the time I got it I had already completed the course. Don't know why this book took forever to get to me, it's the first time I ordered a book and it took so long to receive it. Good thing is I can use it for the Accounting 2 course.

Very good text book!

Great!

Item was as described and came on time

Like

The book is needed for a course that I am taking. The material covered in the book meets the

criteria for the course.

this item is very good, looks new, thank you. but it can't be used in cengage. it doesn't have passcode because of used book. so... but it still looks new.
