Customer Reviews

Grandson loved it!

We love this series so much! In fact, although I could give these to my kids to read on their own, I like to read them aloud to my kids so that I can keep up with Jack and Annie's travels. The books are great to open discussion about the topic with my kids and they are written in a manner that helps my kids to remember what they learn in the books. We'll keep reading as long as Ms. Osborne is writing!

perfect

We love these books! We read a chapter or two every single night! They're fun for our daughter and educational for parents!

I have been purchasing the Magic Tree House stories for my now 10year old grandson for several years. They are a little beyond his reading capabilities right now, but his Mommy reads them to him, and he is improving his reading skills by following along. They are great historical fictions, like his Granny likes to read! I would definitely recommend them.

Magic Tree House books are a must for Elementary School Teachers.

The Magic Tree House series of books are great for kids to read and go on adventures with each book. My child enjoys reading the books and looks forward to the next adventure.

Purchased for a grandchild who has almost the entire set of Magic Tree House books!
